**TERMS:** Net 30 days from the date of invoice with those who have established their credit with us. **No discount will be given on past due accounts.** Overdue accounts are subject to a service charge of 1% a month or 12% annually. Any collection expense necessary will be charged to customer.

**CLAIMS:** Claims must be made promptly within 5 days on receipt of shipment. We shall in no case be liable for any sum greater than the amount originally received in stocks.

**SHIPPING:** All orders will be accepted with the understanding that orders will be voided should injury occur to the stock from drought, flood, fire, frost, errors in counts, or by other causes beyond our control. Our responsibility ceases when material is loaded on the truck.

**PRICES:** For available sizes and prices, please contact us for our current price sheet.

**GUARANTEE:** Ekstrom & Schmidt Nursery, LLC gives no warranty, expressed or implied, as to the life, description, quality, productiveness or any other matter of any nursery stock that we sell.

**CANADIAN ORDERS:** Due to increased costs related to international shipments there will be a \$45.00 paperwork fee per phytosanitary certificate.

**FIELD POTTING:** B&B items can be containerized in the appropriate size pot with potting soil for an additional charge.

Ekstrom & Schmidt Nursery, LLC must be notified of your desire to have B&B items potted no later than January 31<sup>st</sup>.

**Note – each item listed has a designation of its availability in B&B or Container.**

**All items available in bare root form are listed in the back of the catalog.**

## Acer Circinatum “Vine Maple”

### Vine Maple

Size: 15-20'H x 10'W

Zone 6

A small, multi-stemmed, upright spreading tree. Spring foliage is green becoming yellow/orange/red in the fall.

**B&B, Container**

Vine Maple

## Acer Griseum “Paper Bark Maple”

### Paperbark Maple

Size: 20'H x 15'W

Zone 5

An upright spreading tree with a rounded crown. Dark green trifoliate foliage becomes bright orange/red in the fall. Old bark peels to a cinnamon orange bark underneath. Sun to partial shade.

**B&B**

Acer Griseum

## Acer Palmatum “Bihou”

### Bihou Japanese Maple

Size: 20'H x 15'W

Zone 5

An upright, rounded tree that is a vigorous grower. The yellow/green foliage turns a golden yellow in the fall. The bark is shades of peach, coral and yellow.

**Container**

Acer “Bloodgood”

## Acer Palmatum “Bloodgood”

### Bloodgood Japanese Maple

Size: 20'H x 15'W

Zone 5

An upright, rounded tree becoming broad topped with age. The purple/red foliage turns a scarlet red in the fall. Sun to partial shade.

**Container**

## Acer Palmatum “Burgundy Lace”

### Burgundy Lace Japanese Maple

Size: 15'H x 10'W

Zone 5

A small, upright tree with open crown. The burgundy red leaves are deeply lobed & finely serrated. In fall the leaves become scarlet.

**Container**

## Acer Palmatum “Emperor 1®”

### Emperor 1® Japanese Maple

Size: 15'H x 15'W

Zone 5

A small, upright, round shaped tree. The dark red foliage turns red in the fall.

**Container**

**Acer Palmatum “Fireglow”**  
**Fireglow Japanese Maple**

Size: 15'H x 12'W

Zone 5

An upright shaped tree with purple red foliage. In fall the leaves become scarlet & crimson in color. Sun to partial shade.

**Container**

**Acer Palmatum “Hubbs Red Willow”**  
**Hubbs Red Willow Japanese Maple**

Size: 12'H x 5'W

Zone 5

A dense, spreading upright deciduous tree with a delicate bamboo like texture. Delicate, long, narrow lobed burgundy leaves turn orange and red in the fall.

**Container**

**Acer Palmatum “Koto-no-ito”**  
**Harp String Japanese Maple**

Size: 6'H x 4'W

Zone 5

A broad upright with narrow, string-like, deeply divided leaf lobes. Branch structure is dense & twiggy. Leaves have a hint of red in spring, are green in summer & turn to yellow in fall. Bark is bright green & graceful. Sun to partial shade.

**Container**

**Acer Palmatum “Mikawa Yatsubusa”**  
**Mikawa Yatsubusa Japanese Maple**

Size: 6'H x 4'W

Zone 5

A compact, multi-branched bush. The green leaves grow closely together, overlapping one another like shingles on a roof creating a dense leaf cover. The leaves turn a vivid fiery red & darker red in fall. Sun to partial shade.

**Container**

Acer palm. “Mikawa Yatsubusa”

**Acer Palmatum “Sango Kaku”**  
**Coral Bark Japanese Maple**

Size: 20'H x 15'W

Zone 5

Small upright tree with brilliant coral bark on the young branches. Light green leaves become gold in the fall. Sun to partial shade.

**Container**

Acer palm. “Sango Kaku”

**Acer Palmatum “Shindeshojo”**  
**Shindeshojo Japanese Maple**

Size: 7-10' x 6-7'W

Zone 6

A small tree with bright red foliage in the spring turning to a reddish-green in the summer before turning red/orange in the fall.

**Container**

**Acer Palmatum “Shishigashira”**  
**Shishigashira Japanese Maple**

Size: 12-15'H x 8-10'W

Zone 5

An upright, vase shaped tree that is compact & shrubby. Crinkled green foliage turns gold with rose & crimson in the fall.

**Container**

### Acer Palm. “Twombly’s Red Sentinel”

#### **Twombly’s Red Sentinel Japanese Maple**

Size: 20'H x 15'W

Zone 5

A narrow upright shaped shrub-like tree. The dark red foliage maintains its color through the season. After the leaves drop, the branches darken to a deep red. Sun to part shade.

**Container**

### Acer Palmatum “Ukigumo”

#### **Floating Cloud Japanese Maple**

Size: 15'H x 12'W

Zone 5

The tall shrub like tree is semi-dense. The foliage is light green with shades of pink & white becoming orange in the fall. Sun to partial shade.

**B&B, Container**

### Acer Palm. Dissectum “Crimson Queen”

#### **Crimson Queen Laceleaf Japanese Maple**

Size: 7'H x 10'W

Zone 5

A weeping shrub with deep red finely dissected foliage that holds its color well in summer. Fall foliage is scarlet. Sun to partial shade.

**Container**

### Acer Palm. Dissectum “Inaba-Shidare”

#### **Inabe Shidare Laceleaf Japanese Maple**

Size: 15'H x 20'W

Zone 5

A round, weeping mounded habit. The foliage is a deep purple/red that turns crimson in fall. Slow growing.

**Container**

### Acer Palmatum Dissectum “Orangeola”

#### **Orangeola Laceleaf Japanese Maple**

Size: 12-15'H x 6'W

Zone 5

A weeping shrub with bright orange/red foliage in spring turning brown/red with green in summer. Fall foliage is a bright orange/red. Moderate grower.

**Container**

Acer palm. diss. “Orangeola”

### Acer Palmatum Dissectum “Red Dragon”

#### **Red Dragon Laceleaf Japanese Maple**

Size: 6'H x 6'W in 10 yrs

Zone 5

A weeping, mounded shrub. The deep purple/red leaves are deeply dissected. Fall foliage is a bright red.

**Container**

### Acer Palmatum Dissectum “Spring Delight”

#### **Spring Delight Laceleaf Japanese Maple**

Size: 2-3'H x 4-5'W in 10 yrs

Zone 5

A weeping, mounded shrub. The leaves in spring are a pale green edged in red. Fall foliage is a vibrant orange. **Container**

**Acer Palmatum Dissectum “Tamukeyama”**  
**Tamukeyama Laceleaf Japanese Maple**

Size: 6-10'H x 10'W

Zone 5

A weeping mound with deeply cut purple red foliage that becomes bright red in fall.

**Container**

Acer palm. diss. “Tamukeyama”

**Acer Palmatum Dissectum “Viridis”**  
**Viridis Laceleaf Japanese Maple**

Size: 8-10'H x 8'W

Zone 5

Shrub forms a weeping mound. The deeply cut foliage is green becoming orange in fall.

**Container**

**Acer Platanoides “Crimson King”**  
**Crimson King Norway Maple**

Size: 35-45'H x 25-30'W

Zone 4

An oval shaped tree when young, becoming rounded with age. Foliage is a deep purple turning reddish/bronze in fall.

**B&B, Container**

Acer “Crimson King”

**Acer Platanoides “Crimson Sentry”**  
**Crimson Sentry Norway Maple**

Size: 25'H x 15'W

Zone 4

A compact, dense pyramidal, oval shaped tree. The deep purple foliage turns maroon to reddish bronze in fall. **B&B, Container**

**Acer Platanoides “Drummondii”**  
**Drummondii Norway Maple**

Size: 30-40'H x 30-40'W

Zone 4

An oval shaped tree. The variegated foliage is light green with a wonderful cream margin. In fall the leaves turn yellow.

**Container**

**Acer Rubrum “Armstrong”**  
**Armstrong Red Maple**

Size: 40-45'H x 15'W

Zone 4

This narrow shaped tree has light green foliage that becomes yellow to orange in fall.

**Container**

**Acer Rubrum “Brandywine”**  
**Brandywine Red Maple**

Size: 40'H x 30'W

Zone 4

A rounded oval shaped tree with green foliage that turns a deep red in the fall later than most red maples. **B&B, Container**

**Acer Rubrum “October Glory”**  
**October Glory Red Maple**

Size: 40'H x 35'W

Zone 4

A rounded oval shaped tree with dense crown. Medium green foliage turns a deep red to reddish purple in the fall.

Moderate to fast growing.

**B&B, Container**

## Acer Rubrum “Franksred”

### Red Sunset® Maple

Size: 45'H x 35'W

Zone 4

A large pyramidal shaped tree. Foliage is a dark glossy green that turns a brilliant orange/red to red in fall.

**Container**

## Acer Rubrum “Sun Valley”

### Sun Valley Red Maple

Size: 40'H x 35'W

Zone 4

A fast growing tree with rounded crown. Brilliant green foliage turns shades of orange and red in the fall.

**B&B**

Acer rubrum “Red Sunset”

## Acer X Freemanii “Autumn Blaze”®

### Autumn Blaze® Jeffersred Maple

Size: 50-60'

Zone 4-7

A hybrid that is a cross between a Red Maple & Silver Maple. The dense oval shape has deeply lobed green foliage that turns a brilliant orange/red in fall.

**B&B, Container**

## Acer X Freemanii “Celebration”®

### Celebration® Jeffersred Maple

Size: 45'H x 25'W

Zone 4

A hybrid that is a cross between a Red Maple & Silver Maple. The upright pyramidal shaped tree is fast growing when young. Deeply lobed dark green leaves turn golden yellow to red in the fall.

**Container**

Acer freemanii “Celebration®”

## Acer saccharum “Green Mountain”

### Green Mountain Sugar Maple

Size: 40-60'H x 33-45'W

Zone 3-8

An upright, oval shaped deciduous tree with leathery green foliage. Autumn foliage is an orange/red.

**Container**

## Acer shirasawanum “Autumn Moon”

### Autumn Moon Fullmoon Maple

Size: 8-12'H x 6-8'W

Zone 5

A slow growing small deciduous tree. The unusual yellow-orange leaves turn bright orange and red in the fall.

**Container**

## Albizia Julibrissin

### Mimosa or Silk Tree

Size: 30'H x 30'W

Zone 6-9

A fast growing deciduous tree with green foliage. Showy pink flowers appear in summer.

**B&B**

**Amelanchier x grandiflora “Autumn Brilliance®”**  
**Autumn Brilliance® Serviceberry (bush form)**

Size: 20'H x 20'W

Zone 4-9

A fast growing deciduous shrub or small tree with a rounded habit. Fragrant white flowers appear in spring followed by small edible berries. Green foliage turns a brilliant orange-red in the fall.

**Container**

**Amelanchier x grandiflora “Robin Hill”**  
**Robin Hill Serviceberry**

Size: 20-30'H x 12-15'W

Zone 4

A moderate growing deciduous tree with an upright growth habit. Fragrant white flowers appear in spring. Blue-black berries appear in autumn. Green foliage turns a bright orange-red in the fall.

**Container**

**Berberis thunbergii “Orange Rocket” PP18,411**  
**Orange Rocket Barberry (not available this year)**

Size: 4-5'H x 2-3'W

Zone 4

A columnar deciduous shrub with dense branching. New foliage is a coral-orange turning green with age before turning a ruby-red in autumn.

**Container**

**Berberis thunbergii Sunjoy Neo® PW**  
**Sunjoy Neo® Barberry**

Size: 2'8"H x 2'8"W

Zone 5

A rounded, deciduous shrub that is perfect for edging or a low hedge. Foliage is a bright orange and is deer resistant.

**Container**

**Betula “Jacquemonti” – Tree & Clump Form**  
**Whitebarked Himalayan Birch**

Size: 40'H x 30'W

Zone 5

An open branched oval shaped tree with bright white bark. The dark green foliage turns yellow in the fall.

**B&B, Container**

Betula “Jacquemonti”

**Betula Pendula “Youngi”, Twisted**  
**Young’s Weeping Birch**

Size: 15'H x 20'W

Zone 2

A white birch with a twisted trunk. The slender, weeping branches create a graceful mound. Foliage is green becoming yellow in fall.

**B&B**

Betula “Youngi”

**Buxus X “Glencoe”**  
**Chicagoland Green® Boxwood**

Size: 3-4'H x 3-4'W

Zone 4

An evergreen shrub with glossy green foliage and an oval habit. Makes a good low hedge.

**B&B**

## Buxus X “Green Mountain” **Green Mountain Boxwood**

Size: 5'H x 3'W

Zone 5

An evergreen shrub with an upright, cone shaped habit that makes an excellent hedge when clipped. The foliage is bright green.

**B&B**

## Buxus X “Green Velvet” **Green Velvet Boxwood**

Size: 3-4'H x 3-4'W

Zone 5

A rounded, mound shaped boxwood with dense green foliage that makes a nice low hedge when trimmed.

**B&B**

## Buxus Microphylla “Julia Jane” **Julia Jane Boxwood**

Size: 4-5'H x 4-5'W

Zone 5

An upright, shrub. New growth is a lime green before turning a dark green. Foliage turns a coppery bronze in fall. Plant is deer resistant.

**B&B**

## Buxus Microphylla “Winter Gem” **Winter Gem Boxwood**

Size: 4-5'H x 4-5'W

Zone 4

An upright, spreading shrub with bright green foliage that makes an excellent small hedge.

**B&B, Container**

## Buxus Sempervirens “Dee Runk” **Dee Runk Boxwood**

Size: 8'H x 2'W

Zone 5

A columnar shaped shrub with deep glossy green foliage.

**B&B**

## Buxus Sempervirens “Graham Blandy” **Graham Blandy Boxwood**

Size: 8-10'H x 2'W

Zone 5-9

A narrow shaped boxwood with an upright, columnar habit and dark green foliage.

**B&B**

## Cedrus Atlantica “Glauca” **Blue Atlas Cedar**

Size: 40-60'H x 30-40'W

Zone 6

A pyramidal shaped evergreen with blue foliage on stiff, upright branches.

**B&B**

## Cedrus Atlantica “Glauca Pendula” **Weeping Blue Atlas Cedar**

Spread: 15-20'

Zone 6

The serpentine trunk sports weeping branchlets with blue needles. This attractive conifer can be trained into interesting shapes for a dramatic addition to the landscape.

**B&B**

Buxus “Green Velvet”

Buxus “Graham Blandy”

## Cedrus Atlantica “Glauca Fastigiata”

### Columnar Blue Atlas Cedar

Size: 40'H x 25' W with age

Zone 6

Columnar evergreen with dense, upward facing branches.

Foliage is a silver blue.

**B&B**

## Cedrus Atlantica “Horstmann”

### Horstmann Blue Atlas Cedar

Size: 8-10'H x 5-6'W in 10 yrs

Zone 6

A slow growing, semi-dwarf evergreen with a pyramidal shape and blue/green needles.

**B&B**

Cedrus atl. “Horstmann”

## Cedrus Deodora “Electra Blue”

### Electra Blue Himalayan Cedar

Size: 10'H x 6'W in 10 yrs

Zone 6

A narrow, upright evergreen with a conical habit and bright powder blue needles.

**B&B**

## Cedrus Deodora “Karl Fuchs”

### Karl Fuchs Himalayan Cedar

Size: 12-15'H x 4'W in 10 yrs

Zone 6

A pyramidal shaped conifer with golden yellow needles and arching branches. Slow to moderate growing.

**B&B**

## Cedrus Libani “Glauca Pendula”

### Weeping Blue Cedar of Lebanon

Size: 14'H x 2'W in 10 yrs

Zone 6

A powdery blue-green evergreen with a fast growing main leader and weeping, irregular growing branches.

**B&B**

## Cercidiphyllum Japonicum

### Katsura Tree

Size: 40-50'H x 25-35'W

Zone 4

Upright and pyramidal when young, becoming rounded with age. New foliage is reddish-purple in spring and heart shaped leaves turn blue-green in summer before becoming yellow or apricot colored in fall.

**Container**

## Cercidiphyllum Japonicum “Pendula”

### Weeping Katsura Tree

Size: 15-25'H' x 10-15'W

Zone 4

An attractive mound of weeping branches. Foliage is a blue/green that becomes yellow/orange in fall.

**B&B**

## Cercidiphyllum Japonicum “Rotfuchs”

### Red Fox Katsura Tree

Size: 20-25'H x 16'W

Zone 4

A narrow, upright tree with dark purple foliage.

**B&B**

## Cercis Canadensis

### Eastern Redbud

Size: 20-30'H x 25-35'W

Zone 5

A multi-stem or low branching tree with ascending then spreading branches. The heart shaped leaves are green becoming yellow in fall. Reddish/purple flowers appear in spring becoming rosy/pink when open. Moderate to slow growing.

**Container**

## Cercis Canadensis “Ace of Hearts

### Ace of Hearts Redbud

Size: 12'H x 15'W

Zone 5

A dwarf redbud with dark green, heart shaped leaves. Light violet-pink colored flowers appear in early spring. Fall foliage is yellow.

**Container**

## Cercis Canadensis “Alba”

### White Redbud

Size: 20-30'H x 25-35'W

Zone 5

An oval shaped tree with light green heart shaped foliage. White flowers appear in spring.

**Container**

## Cercis Canadensis “Appalachian Red”

### Appalachian Red Redbud

Size: 20'H x 15'W

Zone 5

A rounded tree with dark green, glossy, heart shaped leaves. Bright pink/fuschia colored flowers appear in early spring. Fall foliage is yellow.

**Container**

## Cercis Chinensis “Avondale”

### Avondale Chinese Redbud

Size: 10-12'H x 10-12'W

Zone 5

An ornamental tree with glossy green heart shaped foliage. Showy dark rose-purple flowers appear in spring.

**Container**

## Cercis Canadensis “Black Pearl™ PP28627

### Black Pearl™ Redbud

Size: 20'H x 25'W

Zone 5

An ornamental tree with deep purple heart shaped foliage. Lavendar flowers appear in spring before the leaves.

**Container**

## Cercis Canadensis “Covey” Pp #10,328

### Lavender Twist® Weeping Redbud

Size: 5-7'H x 6-8'W

Zone 5-6

A mound of beautiful weeping branches covered with dark green heart shaped leaves. Rosy/pink flowers appear in early spring.

**B&B**

## Cercis Canadensis “Flame Thrower” PP31,260

### Flame Thrower Redbud

Size: 15-20'H x 15'W

Zone 5

Pink flowers emerge in spring followed by burgundy-red heart shaped foliage followed by yellow and green foliage as it ages. All colors can be seen throughout the season creating a colorful display.

**Container**

## Cercis Canadensis “Forest Pansy”

### Forest Pansy Redbud

Size: 15-25'H x 25'W

Zone 5

A round shaped tree with purple foliage and rosy/pink flowers in early spring.

**B&B, Container**

## Cercis Can. “Golden Falls®” PP 31658

### Golden Falls® Redbud

Size: 8-10'H x 3-4'W

Zone 5

A narrow, weeping tree with bright gold heart shaped leaves. Pink blooms appear in spring.

**Container**

Cercis “Hearts of Gold”

## Cercis Can. “Hearts Of Gold” PP 17740

### Hearts Of Gold Redbud

Size: 20-25'H x 18'W

Zone 5

A pyramidal shaped tree with gold heart shaped leaves. Lavender/purple blooms appear in spring.

**Container**

## Cercis X “Merlot” PP 22,297

### Merlot Redbud

Size: 12-15'H x 12-15'W

Zone 6

A dense, semi-upright habit with glossy, dark purple foliage. Bright pink flowers in spring.

**Container**

Cercis “Merlot”

## Cercis Can. Midnight Express™ PP 34213

### Midnight Express™ Redbud PW

Size: 20-30'H x 10-20'W

Zone 5

A round shaped tree with deep burgundy foliage. Bright pink flowers in spring.

**Container**

## Cercis Can. “Pink Heartbreaker” PP 23043

### Pink Heartbreaker Weeping Redbud

Size: 10-15'H x 8-10'W

Zone 4

A narrow, upright weeping habit. Heart shaped leaves appear red before turning green. Lavender/pink flowers appear in spring.

**Container**

Cercis “Pink Heartbreaker”

Cercis Can. "The Rising Sun™" PP21,451

**The Rising Sun™ Redbud**

Size: 8-12'H x 8'W

Zone 5

Rosy-lavendar flowers appear in spring followed by heart shaped foliage that is a deep apricot that becomes shades of orange, gold and yellow with all colors on display at once. Foliage turns lime green in the summer.

**Container**

Cercis "Ruby Falls"

Cercis Can. "Ruby Falls" PP22097

**Ruby Falls Redbud**

Size: 8-10'H x 5-6'W

Zone 6

A dwarf, weeping habit with maroon heart shaped leaves.

Dark rose flowers appear in spring.

**B&B, Container**

Cercis Can. "Tennessee Pink"

**Tennessee Pink Redbud**

Size: 9-12'H x 10-15'W

Zone 5

A compact, deciduous tree with dense canopy. Pink flowers appear in spring on bare branches followed by dark green heart shaped leaves.

**Container**

Cercis Canadensis "Vanilla Twist"

**Vanilla Twist Weeping Redbud PP22,744**

Size: 12'H x 8'W

Zone 5

A small tree with a weeping habit. White flowers appear in early spring followed by heart shaped light green foliage.

**Container**

Cercis Reniformis "Oklahoma"

**Oklahoma Redbud**

Size: 15'H x 15'W

Zone 6

A round shaped tree with an open habit. Wine red flowers appear in spring followed by heart shaped dark green foliage. Foliage turns shades of yellow in fall.

**B&B, Container**

Chamaecyparis Noot. "Glauca Pendula"

**Weeping Blue Alaska Cedar**

Size: 25-30'H x 4-8'W

Zone 5

A very narrow, upright tree with weeping branches and blue-green needles.

**B&B**

Chamaecyparis Noot. "Green Arrow"

**Green Arrow Alaska Cedar**

Size: 35'H x 10-15'W

Zone 5

A very narrow tree with weeping branches and green foliage.

**B&B**

## Chamaecyparis Obtusa “Gracilis”

### Slender Hinoki Cypress

Size: 6'H x 3-4'W

Zone 5

A compact, upright, pyramidal to conical shaped evergreen with dense branching and dark green foliage.

**B&B**

## Chionanthus Virginicus

### White Fringe Tree – Bush Form

Size: 12-20'H x 12-20'W

Zone 3-9

A small tree with upright branches forming a rounded shape. Medium green foliage with clusters of fringe like blooms in spring.

**BB**

Chionanthus virginicus

## Cornus Florida “Rubra”

### Pink Dogwood

Size: 20'H x 20'W

Zone 5

A small upright, rounded tree with green foliage and pink flowers in spring. Foliage turns red in fall.

**B&B**

## Cornus Florida “Appalachian Mist” PP13098

### Kay’s Appalachian Mist Dogwood

Size: 25'H x 25'W

Zone 5

A small rounded tree with green foliage and creamy white flowers in spring. Foliage turns bright red in fall. Resistant to powdery mildew.

**B&B**

## Cornus Florida “Appalachian Snow” PP13099

### Jean’s Appalachian Snow Dogwood

Size: 30'H x 25'W

Zone 5

An upright tree with a spreading habit and green foliage and white flowers in spring. Foliage turns red in fall. Resistant to powdery mildew.

**B&B**

## Cornus Florida “Cherokee Brave”™

### Cherokee Brave Dogwood

Size: 25'H x 22'W

Zone 5

Deep red flowers with a white throat appear on this upright spreading, rounded tree in spring. Foliage is a dark green that becomes burgundy red in fall with red berries in the fall.

**B&B, Container**

## Cornus Florida “Cherokee Chief”

### Cherokee Chief Dogwood

Size: 15-20'H x 20-25'W

Zone 5

Ruby-red flowers appear in spring on this small, low branched tree. Spring foliage is a bronze-red turning to green in the summer. Red berries appear in winter.

**B&B**

## Cornus Florida “Cherokee Princess”

### **Cherokee Princess Dogwood**

Size: 24'H x 20'W

Zone 6

Clusters of white flowers appear in spring on this upright, oval shaped tree. The green foliage turns red in fall with red berries appearing in late summer or fall.

**B&B**

## Cornus Florida “Cloud 9”

### **Cloud 9 Dogwood**

Size: 18-22'H x 18-22'W

Zone 5

A round shaped tree with spreading horizontal branches. Clusters of white flowers appear in spring. The green foliage turns red in fall with red berries appearing in fall.

**B&B**

## Cornus florida “Ragin’ Red”™

### **Ragin’ Red™ Dogwood PP29,424**

Size: 25'H x 20'W

Zone 5

Deep red flowers appear in the spring. Foliage is a striking red in the spring turning to burgundy green followed by burgundy fall color.

**B&B**

## Cornus kousa x florida “Hyperion®”

### **Hyperion® Dogwood PP22,219**

Size: 20'H x 20'W

Zone 6

A round shaped tree with clusters of large, showy white flowers appearing in spring followed by strawberry like fruit. The dark green foliage turns shades of yellow, orange and purple in fall.

**B&B**

## Cornus X “Eddie’s White Wonder”

### **Eddie’s White Wonder Dogwood**

Size: 25'H x 20'W

Zone 6

A hybrid cross between nuttali & florida, this small upright tree has large white flowers in early spring. The dark green foliage becomes a fiery red in fall with small red berries appearing.

**B&B**

## Cornus Kousa Chinensis

### **Chinese Dogwood (Tree Form)**

Size: 20'H x 20'W

Zone 5

Large white flowers appear in early summer on this small tree. The widely vase shaped tree has layered branches. The medium green foliage turns reddish in the fall with hanging red fruit.

**B&B**

## Cornus Kousa Chinensis “Blue Ray”™

### **Blue Ray™ Chinese Dogwood**

Size: 15-20'H x 15-20'W

Zone 5

Creamy white flowers appear in spring on this vase shaped tree highlighted by attractive blue-green foliage

**Container**

## Cornus X “Celestial Shadow”

### **Celestial Shadow Dogwood**

Size: 18-20'H x 15'W

Zone 6

An upright, rounded tree with white flowers in late spring/early summer and green and yellow variegated leaves.

**Container**

## Cornus Kousa “Heart Throb®”

### **Heart Throb® Chinese Dogwood**

Size: 20-25'H x 20-25'H

Zone 5

A rounded tree with rosy pink flowers in late spring/early summer and blue-green leaves. Fall foliage is a dark red in fall accompanied by large red fruit.

**Container**

## Cornus Kousa “Milky Way”

### **Milky Way Chinese Dogwood**

Size: 15-20'H x 15-20'W

Zone 5

A rounded to wide vase shaped tree with a strong horizontal habit. Creamy white flowers appear in spring. Dark green foliage turns reddish in fall with small red fruit appearing.

**B&B, Container**

## Cornus Kousa “Rutpink” PP28,311

### **Scarlet Fire® Dogwood**

Size: 15'H x 10'W

Zone 5

Large, deep pink flowers appear in late spring against dark green leaves with red fruit appearing in fall.

**Container**

## Cornus Kousa “Samzam - Samaritan”®

### **Samaritan® Variegated Chinese Dogwood**

Size: 20-25'H x 20'W

Zone 4

A rounded tree with green and creamy white variegated foliage that turns pink and burgundy in fall with small red fruit appearing. Bright white flowers appear in late spring.

**B&B**

## Cornus Kousa “Satomi”

### **Satomi Dogwood**

Size: 15-20'H x 20'W

Zone 4

Deep pink flowers appear in late spring/early summer on this round shaped tree. Foliage is green with red/scarlet tints in fall and small hanging red fruit.

**B&B, Container**

## Cornus Kousa X Nuttali “Starlight”®

### **Starlight® Dogwood PP16293**

Size: 30'H x 20'W

Zone 6

An upright, oval shaped tree with creamy white flowers in spring. Dark green foliage turns red in fall.

**B&B, Container**

Cornus “Celestial Shadow”

Cornus “Scarlet Fire®”

Cornus “Satomi”

## Cornus Kousa “Summer Fun”

### Summer Fun Dogwood

Size: 15-18'H x 15'W

Zone 5

A small upright tree with a green and creamy-white variegated leaf. Leaves have a pink & white edge when they first appear. White flowers appear in late spring. Leaves become red-orange and pink in fall.

**B&B, Container**

## Cornus X “Venus”®

### Venus® Dogwood PP16309

Size: 25'H x 20'W

Zone 5

An upright, oval tree with large creamy white flowers in early summer. Dark green foliage becomes red to purple/red in fall with strawberry like fruit.

**B&B, Container**

## Cornus Kousa “Wolf Eyes”

### Wolf Eye Dogwood

Size: 15'

Zone 4

A small rounded tree with variegated green and white leaves. Star shaped white flowers appear in late spring. Foliage turns a pink/red hue in fall.

**B&B, Container**

## Cornus Mas, “Golden Glory”

### Golden Glory Cornelian Cherry Dogwood

Size: 22'H x 18'W

Zone 4

A low branching rounded shrub with dark green foliage. Small yellow flowers become visible in spring. Glossy green foliage turns red in fall.

**B&B**

## Cornus Mas “Tricolor

### Tricolor Cornelian Cherry Dogwood

Size: 20'H x 15'W

Zone 4

The variegated foliage is green with deep margins of yellow and pink. Small yellow flowers emerge in spring and small red fruit appears in mid-summer followed by vibrant fall color and exfoliating winter bark.

**B&B**

## Cornus Mas”Variegata”

### Variegated Cornelian Cherry Dogwood

Size: 20'H x 15'W

Zone 4

A rounded shrub or small tree. The variegated foliage is green with creamy edges. Small yellow flowers emerge in spring and small bright red fruit appears in mid-summer.

**B&B**

## Cornus X Rutban “Aurora”®

### Aurora® Dogwood

Size: 24'H x 20'W

Zone 6

A kousa florida hybrid with a rounded shape. The green foliage becomes reddish in fall. Dense white flowers emerge in spring.

**B&B, Container**

Cornus mas “Variegata”

## Cornus X Rutgan “Stellar Pink”®

### **Stellar Pink® Dogwood**

Size: 20-23'H x 20'W

Zone 6

A kousa florida hybrid with a rounded shape. The green foliage becomes reddish in fall. Blush pink flowers emerge in spring.

**B&B, Container**

## Cotinus Coggygria “Royal Purple”

### **Royal Purple Smoke Tree – Bush Form**

Height: 15'

Zone 5

A vase shaped plant grown as a shrub or tree. Dark purple foliage serves as a backdrop for pinkish/purple puffs of smoke. Foliage turns scarlet in fall. Deer resistant plant.

**B&B**

## Cotinus Coggygria “Ancot” PP13,082

### **Golden Spirit Smoke Tree – Bush Form**

Height: 8'H x 6'W

Zone 4

A rounded plant grown as a shrub or tree. Lime green foliage turns golden yellow in summer serving as a backdrop for pink puffs of smoke. Fall foliage is coral, orange & red.

**Container**

## Cupressocyparis Leylandii “Gold Rider”

### **Gold Rider Leyland Cypress**

Size: 35'H x 15'W

Zone 5

A pyramidal shaped, upright growing conifer with dense, bright gold tipped foliage with interior lime green foliage.

**B&B**

## Cupressus Glabra “Blue Ice”

### **Blue Ice Arizona Cypress**

Size: 30'H x 12'W

Zone 6

A hardy, wind tolerant pyramidal shaped conifer with frosty silvery-blue foliage.

**Container**

## Euonymus Alata “Compacta”

### **Dwarf Burning Bush**

Size: 6-8'H x 8-10'W

Zone 4

A small dense, rounded shrub. Foliage is a dark green turning a sensational scarlet red in fall.

**B&B**

## Fagus Sylvatica

### **European Beech**

Size: 50-75'H x 40-60'W

Zone 4

A pyramidal to oval shaped tree with dense dark green foliage. Foliage turns a reddish coppery bronze in the fall.

**Container**

## Fagus Sylvatica “Atropurpurea”

### Copper Beech

Size: 80'H x 50'W

Zone 5

A dense, oval shaped tree with purple to bronze foliage. Foliage turns yellow, orange, brown in the fall

**B&B, Container**

## Fagus Sylvatica “Dawycki Purple”

### Dawyck Purple Beech

Size: 35'H x 10'W

Zone 5

A columnar shaped tree with purple foliage.

**Container**

## Fagus Sylvatica “Purple Fountain”

### Slender Weeping Beech

Size: 25-40'H x 10-15'W

Zone 4-7

A narrow, upright tree with cascading branches and purple foliage.

**Container**

## Fagus Sylvatica “Red Obelisk”

### Red Obelisk Beech

Size: 25-40'H x 3'W

Zone 4-5

A slow growing columnar tree with crinkled, deep purple foliage.

**Container**

## Fagus Sylvatica “Riversi”

### Rivers Purple Beech

Size: 40-50'H x 20-30'W

Zone 5

A broad oval tree with deep purple to purple/bronze foliage.

**Container**

## Fagus Sylvatica “Tricolor”

### Tricolor Beech

Size: 25-35'H x 18-25'W

Zone 4

A broad, oval shaped tree. Foliage is purple with an irregular pinkish-white rose border.

**B&B**

## Ginkgo Biloba “Autumn Gold”

### Autumn Gold Maidenhair Tree

Size: 40-50'H x 35-40'W

Zone 3

Narrow in youth, this male ginkgo tree becomes broadly pyramidal with age. Fan shaped green foliage turns golden yellow in fall.

**B&B, Container**

## Ginkgo Biloba “Menhir” PP24226

### Skinny Fit™ Maidenhair Tree PW

Size: 10'H x 15'W

Zone 4

A narrow, upright tree with dense branching. Dark green foliage turns a bright, golden-yellow in fall.

**B&B, Container**

## Ginkgo Biloba “Menhir” PP24226

### **Skinny Fit™ Maidenhair Tree PW**

Size: 10'H x 15'W

Zone 4

A narrow, upright tree with dense branching. Dark green foliage turns a bright, golden-yellow in fall. **B&B, Container**

## Ginkgo Biloba “Saratoga

### **Saratoga Maidenhair Tree**

Size: 30-50'W x 30'W

Zone 3

A slow growing upright, rounded tree that is a male variety. Fan shaped, elongated emerald green foliage turns golden yellow in fall. Deer resistant. **Container**

## Gleditsia Triacanthos “Golden Locust”

### **Golden Honeylocust**

Size: 35-45'H x 35-45'W

Zone 4-9

A broad pyramidal shaped tree with bright yellow leaves that appear in spring and then become green in summer before turning a golden-yellow in fall. **B&B**

## Gleditsia Triacanthos “Select”

### **Green Honeylocust**

Size: 50-60'H x 30-35'W

Zone 4-7

A broad pyramidal shaped tree with dark green foliage becoming yellow in fall. **B&B**

## Hamamelis X Int. “Arnolds Promise”

### **Arnold Promise Witch Hazel**

Size: 20'H x 20'W

Zone 6

A vase shaped small to medium shrub with deep fragrant yellow flowers that appear on bare branches in winter. **B&B**

## Hamamelis X Intermedia “Diane”

### **Diane Witch Hazel**

Size: 8-12'H x 8-12'W

Zone 6

A rounded shrub with crimson red flowers that appear on bare branches in winter. Foliage is green before turning a rich orange/red in fall. **B&B**

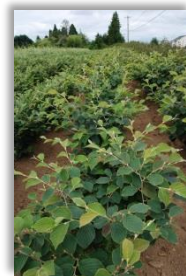

## Hamamelis X Intermedia “Jelena”

### **Jelena Witch Hazel**

Size: 15-20'H x 10-15'W

Zone 6

An upright, rounded shrub with rich coppery flowers that appear on bare branches in winter. Foliage is green. **B&B**

Hamamelis “Jelena”

**Heptacodium Miconioides Temple of Bloom®**  
**Temple of Bloom® Seven-Son Flower PW**  
**PP30,763**

Size: 10'H x 6-10'W

Zone 5

A small upright, multi-stemmed deciduous tree with unusual peeling bark and dark green foliage. Clusters of small, fragrant white flowers appear in late summer before turning a vivid red.

**Container**

**Hibiscus Syriacus "Aphrodite" (Bush Form)**  
**Aphrodite Rose of Sharon**

Size: 6-10'H x 4-8'W

Zone 5

A small medium sized deciduous plant grown in bush form. It is an upright, dense, vase shaped plant with bright green foliage. Single pink flowers with a red eye bloom continuously from July to Sept.

**Container**

Hibiscus "Aphrodite"

**Hibiscus Syriacus "Danica™" (Bush Form)**  
**Danica™ Rose of Sharon**

Size: 6-8'H x 4-6'W

Zone 5

A small medium sized, deciduous plant grown in bush form. It is an upright, dense, vase shaped plant with bright green foliage. Striking double white flowers with raspberry pink eyes and outer petals bloom continuously from July to Sept.

**Container**

**Hibiscus Syriacus Magenta Chiffon® (Bush Form)**  
**Magenta Chiffon® Rose of Sharon PW**  
**PP25,568**

Size: 6-10'H x 6-10'W

Zone 5

A small medium sized, deciduous plant grown in bush form. It is an upright, rounded plant with bright green foliage. Double, vibrant magenta flowers bloom continuously from July to Sept.

**Container**

**Hibiscus Syriacus Purple Pillar® (Bush Form)**  
**Purple Pillar® Rose of Sharon PW**  
**PP28,892**

Size: 10-16'H x 2-3'W

Zone 5

An upright, narrow columnar, deciduous plant with bright green foliage. Semi-double, purple flowers with red eyes bloom continuously from July to Sept.

**Container**

**Hibiscus Syriacus White Pillar® (Bush Form)**  
**White Pillar® Rose of Sharon PW**  
**PP29,683**

Size: 10-16'H x 2-3'W

Zone 5

An upright, narrow columnar, deciduous plant with bright green foliage. Semi-double, pure white flowers bloom continuously from July to Sept.

**Container**

## Hibiscus Syriacus “Aphrodite” (Tree Form)

### **Aphrodite Rose of Sharon**

Size: 6-10'H x 4-8'W

Zone 5

A small medium sized, deciduous plant grown in tree form. It is an upright, dense, vase shaped plant with bright green foliage. Single pink flowers with a red eye bloom continuously from July to Sept.

**Container**

Hibiscus “Aphrodite”

## Hibiscus Syriacus Azzuri Blue Satin® (Tree Form)

### **Azzuri Blue Satin® Rose of Sharon PW**

**PP20,563**

Size: 8-12'H x 4-6'W

Zone 5

A small medium sized, deciduous plant grown in tree form. It is an upright, dense slender plant with bright green foliage. Single, blue-purple flowers with red eyes bloom continuously from July to Sept.

**Container**

## Hibiscus Syriacus “Blue Bird” (Tree Form)

### **Blue Bird Rose of Sharon**

Size: 6-8'H x 6'W

Zone 5

A small medium sized, deciduous plant grown in tree form. It is an upright, vase shaped plant with bright green foliage. Single, lilac-blue flowers with red eyes bloom continuously from July to Sept.

**Container**

## Hibiscus Syriacus Lavender Chiffon® (Tree Form)

### **Lavender Chiffon® Rose of Sharon PW**

**PP12,619**

Size: 8-12'H x 4-6'W

Zone 5

A small medium sized, deciduous plant grown in tree form. It is an upright, rounded plant with bright green foliage. Large single lavender flowers with a lacy center bloom continuously from July to Sept.

**Container**

## Hibiscus Syriacus Magenta Chiffon® (Tree Form)

### **Magenta Chiffon® Rose of Sharon PW**

**PP25,568**

Size: 6-10'H x 6-10'W

Zone 5

A small medium sized, deciduous plant grown in tree form. It is an upright, rounded plant with bright green foliage. Double, vibrant magenta flowers bloom continuously from July to Sept.

**Container**

## Hibiscus Syriacus “Minerva” (Tree Form)

### **Minerva Rose of Sharon**

Size: 10'H x 6'W

Zone 5

A small medium sized, deciduous plant grown in tree form. It is an upright, vase shaped plant with bright green foliage. Single, lavender flowers with red eyes bloom continuously from July to Sept.

**Container**

Hibiscus “Minerva”

Hydrangea arborescens Incrediball® PW  
**Incrediball® Smooth Hydrangea PP20,571**

Size: 4-5'H x 4-5'W

Zone 3

A dwarf, rounded deciduous shrub with green foliage and large white blooms on strong, sturdy stems that appear in summer and open to huge snowballs.

**Container**

Hydrangea arborescens Invincibelle Limetta® PW  
**Invincibelle Limetta® Smooth Hydrangea PP30,431**

Size: 3-4'H x 3-4'W

Zone 3

A mounding, deciduous shrub with green foliage. Lime green flowers appear in early summer on strong stems before turning a soft green-white and then jade green.

**Container**

Hydrangea arborescens Invincibelle Wee White® PW  
**Invincibelle Wee White® Smooth Hydrangea PP30,296**

Size: 1-2.5'H x 1-2.5'W

Zone 3

A dwarf, mounding, round shaped deciduous shrub with green foliage. Soft, blush pink flowers appear in early summer on strong stems before turning white.

**Container**

Hydrangea arborescens Invincibelle® Spirit II PW  
**Invincibelle® Spirit II Smooth Hydrangea PP28,316**

Size: 1-2.5'H x 1-2.5'W

Zone 3

A mounding, round shaped deciduous shrub with dark green foliage. Large, deep pink flowers appear in early summer on strong stems.

**Container**

Hydrangea Paniculata Fire Light Tidbit® PW  
**Fire Light Tidbit® Hydrangea PP32,512**

Size: 2-3'H x 3'W

Zone 3

A small mounding, round shaped deciduous shrub with green foliage and flowers that emerge a creamy white before turning shades of pink and red in fall.

**Container**

Hydrangea Paniculata Fire Light® PW  
**Fire Light® Hydrangea PP25,135**

Size: 6-8'H x 6-8'W

Zone 3

A rounded, upright deciduous shrub with green foliage and flowers that emerge a creamy white before turning a pinkish-red in summer.

**Container**

Hydrangea Paniculata Limelight PW  
**Limelight Hydrangea PP12,874 - Bush & Std.**

Size: 6-8'H x 6-8'W

Zone 3

A rounded, upright deciduous shrub or tree with green foliage and flowers that emerge a light green before turning a pinkish-red in summer.

**Container**

Hydrangea Paniculata Limelight Prime® PW

**Limelight Prime® Hydrangea PP32,511**

Size: 4-6'H x 4'W

Zone 3

A dense, compact, upright deciduous shrub with green foliage and flowers that emerge a light green before turning pinkish-red in fall.

**Container**

Hydrangea Paniculata Little Lime® PW

**Little Lime® Hydrangea PP22,330**

Size: 3-5'H x 3-5'W

Zone 3

A compact, mounded deciduous shrub with green foliage and lime green flowers that appear in summer on strong stems before turning pink in fall.

**Container**

Hydrangea Paniculata Little Lime Punch® PW

**Little Lime Punch® Hydrangea PP33,207**

Size: 3-5'H x 3-5'W

Zone 3

A compact, mounded deciduous shrub with green foliage and lime green flowers that appear in summer on strong stems. Flowers gradually change from the bottom up to shades of white, light pink and Hawaiian Punch red.

**Container**

Hydrangea Paniculata Little Quick Fire® PW

**Little Quick Fire® Hydrangea PP25,136**

Size: 3-5'H x 3-5'W

Zone 3

A dwarf, upright deciduous shrub with green foliage and white flowers that appear early in summer and turn to pink-red as the summer progresses.

**Container**

Hydrangea Paniculata Quick Fire Fab® PW

**Quick Fire Fab® Hydrangea PP32,513**

Size: 6-7'H x 5-6'W

Zone 3

A tall, upright deciduous shrub with green foliage and white flowers that appear early in summer and turn to blush pink, then bright pink, then red from the bottom up as the summer progresses.

**Container**

Hydrangea Paniculata Vanilla Strawberry™

**Vanilla Strawberry™ Hydrangea PP20,670**

Size: 6-8'H x 6-8'W

Zone 3

An upright deciduous plant grown as a tree with green foliage. Creamy white flowers appear in mid-summer and change from pink to strawberry red in the fall.

**Container**

Ilex Crenata "Sky Pencil"

**Sky Pencil Japanese Holly**

Size: 6-8'H x 6-8'W

Zone 6

A narrow, columnar shrub with dark green foliage.

**B&B**

## Ilex x “Nellie R. Stevens”

### Nellie R. Stevens Holly

Size: 15-25'H x 10-15'W

Zone 6

A fast growing broad pyramidal shaped tree with dense branches and dark green foliage. Produces large, orange-red berries without a male pollinizer. Makes a good hedge or screen. **B&B**

## Juniperus Chinensis “Spartan”

### Spartan Juniper

Size: 12-15'H x 3-5'W

Zone 4

A rapid growing dense, pyramid shaped evergreen with dark green foliage. **B&B**

## Juniperus Communis “Gold Cone”

### Gold Cone Juniper

Size: 8'H x 2'W after 10 years

Zone 5

An evergreen with a narrow, upright habit. New growth is golden. **B&B**

## Scopulorum “Moonglow”

**B&B**

### Moonglow Juniper

Size: 20'H x 8'W

Zone 3

A broad pyramidal evergreen with dense silver/blue foliage. **B&B**

## Juniperus Scopulorum “Wichita Blue”

### Wichita Blue Juniper

Size: 10-15'H x 4-6'W

Zone 3

A pyramidal, branched upright habit with dense blue foliage. **B&B**

## Juniperus Virginiana “Skyrocket”

### Skyrocket Juniper

Size: 15-20'H x 2-3'W

Zone 3

A narrow, columnar fast growing juniper with silvery blue foliage. **B&B**

## Juniperus Virginiana “Taylor”

### Taylor Juniper

Size: 30'H x 3'W

Zone 3

A narrow, columnar moderate growing juniper with blue-green foliage. Makes a great privacy screen. **B&B**

### Blue Chip Juniper

Size: 2'H on std. x 6-8'W

Zone 3

A spreading mound with silver blue foliage. **B&B**

## Larix Decidua “Pendula”

### Weeping European Larch

Size: 8-12'H x 10-12'W

Zone 2

An irregular, horizontal crown with a twisted trunk. Foliage is bright green becoming bright yellow in fall.

**B&B**

## Liquidambar Styraciflua

### Sweetgum

Size: 60-75'H x 40-50'W

Zone 5

A pyramidal shaped tree with corky bark that is narrow when young, becoming broad with age. Foliage is deep green becoming red, yellow, purple in the fall.

**B&B, Container**

## Liquidambar Sty. “Slender Silhouette”

### Slender Silhouette Sweetgum

Size: 60'H x 8'W

Zone 5

A narrow, upright tree with dark green foliage that turns red, yellow & purple in the fall.

**Container**

## Liriodendron Tulipifera

### Tulip Tree

Size: 70-90'H x 30'W or more

Zone 4

A large deciduous tree with tulip shaped green foliage that is golden in the fall. Fragrant yellowish green to orange cupped flowers appear in the spring.

**B&B, Container**

## Liriodendron Tulipifera “Arnold”

### Arnold Tulip Tree

Size: 25'H x 8-10'W

Zone 5

A fast growing upright tree that can ultimately reach 50'H. The tulip shaped foliage is green becoming yellow in the fall. Fragrant yellowish green to orange cupped flowers appear in the spring.

**B&B**

## Magnolia Soulangiana

### Saucer Magnolia

Size: 20-25'H x 20-25'W

Zone 5

An irregular shaped, multi-trunk tree with a spreading habit. Foliage is dark green turning yellow in fall. Pink & white saucer shaped flowers appear in spring on bare branches.

**B&B**

## Magnolia Soulangiana “Rustica Rubra”

### Rustica Rubra Saucer Magnolia

Size: 20-25'H x 20-25'W

Zone 5

A multi-trunk tree with a rounded canopy and green foliage. Large reddish purple saucer shaped flowers appear in spring.

**B&B**

## Magnolia Hybrid “Galaxy”

### Galaxy Magnolia

Size: 30-35'H x 15-20'W

Zone 5

A narrow cone-like tree with bright green foliage. Large reddish/purple flowers appear in late spring.

**B&B**

## Magnolia Hybrid “The Girls”

### The Girls Magnolia

Size: 10-15'H x 5-10'

Zone 4

A small, upright spreading tree with medium green foliage.

Reddish/purple flowers appear in spring.

**B&B**

## Magnolia Hybrid “Jane”

### Jane Magnolia

Size: 10-15'H x 5-10'

Zone 4

A small, upright spreading tree with medium green foliage.

Lightly fragrant reddish purple flowers with pale pink centers appear in spring.

**B&B**

## Magnolia x Loebneri “Dr. Merrill”

### Dr. Merrill Magnolia

Size: 30'H x 30'W

Zone 4

A fast growing, dense large deciduous shrub or small tree.

Large star like fragrant white flowers appear in spring

Foliage is a rich green.

**B&B**

## Magnolia x Loebneri “Leonard Messel”

### Leonard Messel Magnolia

Size: 20'H x 25'W

Zone 4

A slow growing large deciduous shrub or small tree with green foliage. Fragrant star like flowers with rosy-purple undersides and white topsides appear in spring on bare branches.

**B&B**

## Magnolia Stellata “Royal Star”

### Royal Star Magnolia

Size: 15'

Zone 5

A round, upright spreading shrub with green foliage becoming yellow to bronze in fall. Fragrant, large, double white flowers appear in spring.

**B&B**

## Magnolia Virginiana

### Sweet Bay Magnolia

Size: 12-20'H x 12-20'W

Zone 5

An upright, rounded semi-evergreen shrub with bright glossy green foliage. Lemon-scented, creamy white flowers emerge in summer.

**B&B, Container**

Magnolia “Royal Star”

## Malus Domestica “Fuji”

### Fuji Semi Dwarf Apple

Size: 12-24'H x 12-24'W

Zone 4-5

Single variety semi dwarf apple trees budded on M.7 EMLA understock. Fruit ripens in mid-October with a mild sweet flavor.

**Container**

## Malus Domestica “Gala”

### Gala Semi Dwarf Apple

Size: 15-20'H x 15-20'W

Zone 5

Single variety semi dwarf apple trees budded on M.7 EMLA understock. Fruit ripens in mid-September and is a crisp apple with a tangy-sweet flavor.

**Container**

## Malus Domestica “Honeycrisp”

### Honeycrisp Semi Dwarf Apple

Size: 14-18'H x 14-18'W

Zone 4

Single variety semi dwarf apple trees budded on M.7 EMLA understock. Fruit ripens in mid-September to mid-October and has a crisp, juicy texture with a sweet-tart flavor.

**Container**

## Metasequoia Glyptostroboides

### Dawn Redwood

Size: 70-100'H x 15-20'W

Zone 4

A fast growing, conical shaped deciduous conifer. Needles emerge bright green on top and light green below before turning dark green in summer and red-bronze in fall.

**B&B, Container**

## Nyssa sylvatica

### Black Gum Tree

Size: 30 -50'H x 20-30'W

Zone 3

A moderate sized, deciduous tree with a crown shape and ornamental bark. Dark, glossy green foliage turns yellow to scarlet in the fall. Small greenish white flowers appear in early summer.

**B&B**

## Nyssa sylvatica “Wildfire”

### Wildfire Black Gum Tree

Size: 30 -50'H x 20-30'W

Zone 5

A moderate sized, deciduous tree with a crown shape and ornamental bark. Bright red foliage appears in spring, before turning dark green in summer and yellow to scarlet red in fall.

**B&B**

## Parrotia Persica “Vanessa”

### Vanessa Upright Ironwood Tree

Size: 28'H x 10-14'W

Zone 5

A narrow, columnar tree with medium-dark green foliage that becomes yellow, orange, red in fall.

**B&B**

**Picea Abies “Little Gem” on Std.**

**Little Gem Norway Spruce on Std.**

Size: 18"+H x 18"W on a 2' Std.

Zone 2

A small, dense flat topped globe shaped evergreen that is slow growing. Needles are green.

**B&B**

**Picea omorika “Nana” on Std.**

**Dwarf Serbian Spruce on Std.**

Size: 4-8'H x 4-8'W

Zone 4

A dense, slow growing globe shaped evergreen with blue green needles.

**B&B, Container**

**Picea Pungens “Fastigiata”**

**Colorado Blue Spruce**

Size: 10-20'H x 5-10'W

Zone 2

A narrow, upright slow growing evergreen with blue needles and a dense columnar habit

**B&B**

**Picea Pungens “Glauca Globosa” Low & Std.**

**Dwarf Globe Blue Spruce**

Size: 3'H x 3-5'W

Zone 2

A rounded, compact densely branched plant with silvery blue needles.

**B&B**

Picea pungens “Glauca Globosa”

**Pinus Nigra “Oregon Green”**

**Oregon Green Austrian Pine**

Size: 10-12'H x 8-10'W in 10 years

Zone 4

Slow growing evergreen with dark rich green needles and more open form.

**B&B**

**Pinus Thunbergii “Thunderhead”**

**Thunderhead Japanese Black Pine**

Size: 10-12'H x 15'W

Zone 5

A shrubby, compact plant with dense, dark green needles and white candles appearing in spring.

**B&B**

**Populus tremula “Erecta”**

**Columnar Swedish Aspen**

Size: 40'H x 10'W

Zone 2

A tall narrow growing tree with rounded green leaves that flutter and rustle in the breeze.

**B&B**

**Prunus Cerasifera “Thundercloud”**

**Thundercloud Purple Leaf Plum**

Size: 20-25'H x 20'W

Zone 5

An upright, spreading, rounded tree with dense dark purple foliage. Light pink flowers appear in spring.

**B&B, Container**

## Prunus Laurocerasus

### English Laurel

Size: 12'H x 8'W

Zone 6

A dense evergreen shrub that makes a nice screen or hedge. Foliage is a leathery rich green with tiny white fragrant flowers in spring.

**B&B**

Skip laurel

## Prunus Laurocerasus “Nana”

### Dwarf English Laurel

Size: 6-8'H x 6-8'W

Zone 6

A compact, evergreen shrub with dark glossy green foliage. Useful for low hedges.

**B&B**

## Prunus Laurocerasus “Otto Luyken”

### Otto Luyken English Laurel

Size: 3-5'H x 6'W

Zone 6

A compact, evergreen shrub with glossy dark green leaves that can be used as a nice hedge. White flowers appear in spring followed by small summer fruit.

**B&B, Container**

English Laurel

## Prunus Laurocerasus “Schipkaensis”

### Schipka Cherry Laurel

Size: 6-10'H x 6-10'W

Zone 5

A dense vase shaped plant that can be used for a hedge. The foliage is green and fragrant white flowers emerge in late spring.

**B&B, Container**

## Prunus Serrulata “Kwanzan”

### Kwanzan Flowering Cherry

Size: 30'H x 20'W

Zone 5

An upright, vase shaped tree with dark green foliage that turns a bronze/orange to orange red in the fall. Clusters of double, rosy/pink flowers emerge in spring. Also available in ground budded form.

**B&B, Container**

## Prunus Subhirtella “Pendula”

### Double Weeping Flowering Cherry

Size: 12-15'H x 15-20'W

Zone 4

A small top grafted tree with weeping habit. Foliage is green. Masses of double pink flowers appear in spring.

**B&B, Container**

Prunus subhirtella “Pendula”

## Prunus X Extrazam

### Weeping Extraordinaire™ Weeping Cherry

Size: 15-20'H x 15-20'W

Zone 5

A deciduous tree with weeping habit. Double powderpuff flowers appear in spring. The deep pink color turns to a light pink as they open. Coppery foliage appears when the blooms fall before turning to emerald green and then red and burgundy in the fall.

**Container**

## Prunus X “Snofozam - Snow Fountain”®

### Snow Fountain Cherry®

Size: 12'H x 15'W

Zone 5

A small tree with weeping habit that is available as a top graft or with a serpentine trunk. Foliage is dark green before turning gold and orange in fall. Masses of pure white flowers cover the tree in spring giving it the appearance of a fountain.

**B&B, Container**

## Prunus X Yedoensis

### Yoshino Cherry

Size: 25-30'H x 30'W

Zone 6-8

A rounded tree with a spreading form and glossy green foliage that turns yellow in fall. Fragrant, single light pink flowers emerge in spring.

**Container**

## Prunus Virginiana “Schubert”

### Canada Red Chokecherry

Size: 25-30'H x 15-20'W

Zone 2

A pyramid shaped tree. Foliage emerges green in spring before turning a dark purple. White flowers appear in spring and clusters of reddish fruit appear in summer.

**Container**

## Pyrus Calleryana Chanticleer®

### Chanticleer® Pear

Size: 30-35'H x 15'W

Zone 4

An upright, narrowly pyramidal shaped tree with green glossy foliage that turns reddish in fall. Clusters of white flowers cover the tree in spring.

**B&B**

Pyrus “Chanticleer”

## Salix X. Integra “Hakuro Nishiki”

### Dappled Willow

Size: 8'H x 6'W

Zone 4

A fast growing round shaped plant that is available in a bush form or as a small tree. Leaves in the spring emerge as a glossy bright pink before turning variegated with colors of white, pink and green.

**Container**

## Sambucus Nigra Black Lace® PW

### Black Lace® Elderberry PP15,575

Size: 6-8'H x 6-8'H

Zone 5

A deciduous shrub with an upright habit and lacey purple-black foliage. Pink flowers appear in early summer.

**Container**

## Sambucus Racemose Lemony Lace® PW

### Lemony Lace® Elderberry PP26,613

Size: 4-7'H x 4-7'H

Zone 3

A deciduous shrub with a mounded habit. Clusters of white flowers appear in early spring followed by golden foliage, edged in red before turning chartreuse as it ages.

**Container**

## Sequoia Giganteum “Pendula”

### Weeping Giant Sequoia

Size: 25'H x 3-4'W & wider

Zone 6

A slow growing evergreen with graceful weeping branches.

**B&B**

## Spirea x Double Play Doozie® PW

### Double Play Doozie® Spirea PP30,953

Size: 2-3'H x 2-3'H

Zone 3

A deciduous shrub with a mounded habit. Deep red foliage appears in early spring before turning green followed by bright, purple-red flowers in late spring that keep flowering throughout the summer.

**Container**

## Stewartia Pseudocamellia

### Japanese Stewartia

Size: 20-40'H x 15-30'W

Zone 5

A pyramidal, deciduous tree with dark green leaves and exfoliating reddish-brown bark. White camellia-like flowers with orange yellow anthers appear in early summer. Foliage turns to shades of reddish-orange and burgundy in fall.

**B&B, Container**

## Styrax Japonicus

### Japanese Snowbell

Size: 20-30'H x 15-25'W

Zone 5

A round shaped tree with medium green foliage that turns yellowish in fall. Fragrant, bell shaped, pure white flowers appear in early summer.

**B&B**

## Syringa Meyeri “Palibin” on Std.

### Dwarf Korean Lilac on Std.

Size: 4-8'H x 5-7'W

Zone 4

A small globe shaped plant with deep green foliage. Fragrant pink/lavender flowers emerge in late spring. Plant is available as a shrub or on a standard.

**B&B, Container**

## Syringa Patula “Miss Kim”

### Miss Kim Korean Lilac

Size: 6-8'H x 6-8'W

Zone 3

A rounded plant with dark glossy green foliage that becomes burgundy/red in fall. Fragrant light lavender/blue flowers appear in spring. Plant is available as a shrub or on a standard.

**B&B, Container**

Syringa meyeri “Palibin” – Std.

## Syringa Vulgaris

### French Lilac

Size: 6-10'H x 6-10'W

Zone 3-7

An upright, round shaped shrub with green foliage and fragrant spring blooms.

**B&B**

“**Ludwig Spaeth**” (single, purple)

“**President Grevy**” (double, blue)

“**Sensation**” (single, purple with white border)

“**Yankee Doodle**” (single, deep purple)

Syringa “Pres. Grevy”

## Syringa x Bloomerang® Dark Purple PW

### Bloomerang® Dark Purple Reblooming Lilac

PP26,549

Size: 4-6'H x 4-6'W

Zone 3

A deciduous shrub with a mounded habit in a tree form and green foliage. Fragrant deep purple-lilac flowers appear in mid to late spring and then again in mid to late summer.

**Container**

## Thuja Occidentalis “Smaragd”

### Emerald Green Arborvitae

Size: 15'H x 3-4'W

Zone 4

A narrow, pyramidal shaped evergreen with dense emerald green foliage. Makes an excellent privacy screen.

**B&B**

## Thuja Occidentalis “Yellow Ribbon”

### Yellow Ribbon Arborvitae

Size: 8-10'H x 2-3'W

Zone 3

An upright conifer with a narrow habit and dense golden-yellow foliage that maintains its color throughout the year.

**B&B**

## Thuja Plicata “Excelsa”

### Excelsa Western Red Cedar

Size: 25-35'H x 20'W

Zone 5

A fast growing, full bodied, upright conifer with dark green foliage. Makes an excellent privacy screen.

**B&B**

## Thuja Plicata “Green Giant”

### Green Giant Western Arborvitae

Size: 40-50'H x 15-18'W

Zone 5

A fast growing, conical shaped evergreen with green foliage. Makes an excellent privacy screen.

**B&B, Container**

## Thuja Plicata “Virescens”

### Virescens Western Arborvitae

Size: 20-25'H x 6-8'W

Zone 5

A narrow, upright evergreen with emerald green foliage. An excellent privacy screen.

**B&B**

## Thuja X “Steeplechase” PP16094

### **Steeplechase Arborvitae**

Size: 20'H x 8'W

Zone 5

A dense, broad pyramidal shaped evergreen with fine textured green foliage. An excellent hedge or privacy screen.

**B&B**

## Viburnum X “Juddii”

### **Judd Viburnum**

Size: 6-8'H x 6-8'W

Zone 4

A rounded, compact shrub with green foliage. Fragrant, white flowers appear in spring.

**B&B**

## Wisteria Floribunda “Black Dragon”

### **Black Dragon Japanese Wisteria**

Zone 4

A fast growing twining vine that has been trained as a tree. Foliage is green and fragrant clusters of double, dark purple flowers appear in spring. Foliage becomes a bright yellow in fall.

**B&B**

## Wisteria Floribunda “Royal Purple”

### **Royal Purple Japanese Wisteria**
