TERMS: Net 30 days from the date of invoice with those who have established their credit with us. **No discount will be given on past due accounts.** Overdue accounts are subject to a service charge of 1% a month or 12% annually. Any collection expense necessary will be charged to customer.

CLAIMS: Claims must be made promptly within 5 days on receipt of shipment. We shall in no case be liable for any sum greater than the amount originally received in stocks.

SHIPPING: All orders will be accepted with the understanding that orders will be voided should injury occur to the stock from drought, flood, fire, frost, errors in counts, or by other causes beyond our control. Our responsibility ceases when material is loaded on the truck.

PRICES: For available sizes and prices, please contact us for our current price sheet.

GUARANTEE: Ekstrom & Schmidt Nursery, LLC gives no warranty, expressed or implied, as to the life, description, quality, productiveness or any other matter of any nursery stock that we sell.

CANADIAN ORDERS: Due to increased costs related to international shipments there will be a \$45.00 paperwork fee per phytosanitary certificate.

FIELD POTTING: B&B items can be containerized in the appropriate size pot with potting soil for an additional charge.

Ekstrom & Schmidt Nursery, LLC must be notified of your desire to have B&B items potted no later than January 31st.

Note – each item listed has a designation of its availability in B&B or Container.

All items available in bare root form are listed in the back of the catalog.

Acer Circinatum “Vine Maple”

Vine Maple

Size: 15-20'H x 10'W

Zone 6

A small, multi-stemmed, upright spreading tree. Spring foliage is green becoming yellow/orange/red in the fall.

B&B, Container

Vine Maple

Acer Griseum “Paper Bark Maple”

Paperbark Maple

Size: 20'H x 15'W

Zone 5

An upright spreading tree with a rounded crown. Dark green trifoliate foliage becomes bright orange/red in the fall. Old bark peels to a cinnamon orange bark underneath. Sun to partial shade.

B&B

Acer griseum

Acer Palmatum “Atrolineare”

Willowleaf Japanese Maple

Size: 18'H x 18'W

Zone 5

An upright, vase shaped tree. The narrow ribbon-like leaves are a purple red that become a bright red in the fall. **B&B, Container**

Acer Palmatum “Bloodgood”

Bloodgood Japanese Maple

Size: 20'H x 15'W

Zone 5

An upright, rounded tree becoming broad topped with age. The purple/red foliage turns a scarlet red in the fall. Sun to partial shade.

B&B, Container

Acer “Bloodgood”

Acer Palmatum “Burgundy Lace”

Burgundy Lace Japanese Maple

Size: 15'H x 10'W

Zone 5

A small, upright tree with open crown. The burgundy red leaves are deeply lobed & finely serrated. In fall the leaves become scarlet.

B&B, Container

Acer Palmatum “Emperor 1®”

Emperor 1® Japanese Maple

Size: 15'H x 15'W

Zone 5

A small, upright, round shaped tree. The dark red foliage turns red in the fall.

Container

Acer Palmatum “Fireglow”

Fireglow Japanese Maple

Size: 15'H x 12'W

Zone 5

An upright shaped tree with purple red foliage. In fall the leaves become scarlet & crimson in color. Sun to partial shade.

B&B, Container

Acer Palmatum “Koto-no-ito”

Harp String Japanese Maple

Size: 6'H x 4'W

Zone 5

A broad upright with narrow, string-like, deeply divided leaf lobes. Branch structure is dense & twiggy. Leaves have a hint of red in spring, are green in summer & turn to yellow in fall. Bark is bright green & graceful. Sun to partial shade.

Container

Acer Palmatum “Mikawa Yatsubusa”

Mikawa Yatsubusa Japanese Maple

Size: 6'H x 4'W

Zone 5

A compact, multi-branched bush. The green leaves grow closely together, overlapping one another like shingles on a roof creating a dense leaf cover. The leaves turn a vivid fiery red & darker red in fall. Sun to partial shade.

Container

Acer palm. “Mikawa Yatsubusa”

Acer Palmatum “Sango Kaku”

Coral Bark Japanese Maple

Size: 20'H x 15'W

Zone 5

Small upright tree with brilliant coral bark on the young branches. Light green leaves become gold in the fall. Sun to partial shade.

Container

Acer palm. “Sango Kaku”

Acer Palmatum “Shishigashira”

Shishigashira Japanese Maple

Size: 12-15'H x 8-10'W

Zone 5

An upright, vase shaped tree that is compact & shrubby. Crinkled green foliage turns gold with rose & crimson in the fall.

B&B

Acer Palm. “Twombly’s Red Sentinel”

Twombly’s Red Sentinel Japanese Maple

Size: 20'H x 15'W

Zone 5

A narrow upright shaped shrub-like tree. The dark red foliage maintains its color through the season. After the leaves drop, the branches darken to a deep red. Sun to part shade.

Container

Acer Palmatum “Ukigumo”

Floating Cloud Japanese Maple

Size: 15'H x 12'W

Zone 5

The tall shrub like tree is semi-dense. The foliage is light green with shades of pink & white becoming orange in the fall. Sun to partial shade.

B&B, Container

Acer Palm. Dissectum “Crimson Queen”

Crimson Queen Laceleaf Japanese Maple

Size: 7'H x 10'W

Zone 5

A weeping shrub with deep red finely dissected foliage that holds its color well in summer. Fall foliage is scarlet. Sun to partial shade.

Container

Acer Palmatum Dissectum “Ever Red”
Ever Red Laceleaf Japanese Maple

Size: 10'H x 10'W

Zone 5

A weeping mound with purple/red foliage that turns purple/bronze in the summer before turning red in the fall.

Container

Acer palm. diss. “Ever Red”

Acer Palmatum Dissectum “Garnet”
Garnet Laceleaf Japanese Maple

Size: 10'H x 10'W

Zone 5

A weeping, mounded shrub with deep red/orange foliage.

Container

Acer Palm. Dissectum “Inaba-Shidare”
Inabe Shidare Laceleaf Japanese Maple

Size: 15'H x 20'W

Zone 5

A round, weeping mounded habit. The foliage is a deep purple/red that turns crimson in fall. Slow growing.

Container

Acer Palmatum Dissectum “Orangeola”
Orangeola Laceleaf Japanese Maple

Size: 12-15'H x 6'W

Zone 5

A weeping shrub with bright orange/red foliage in spring turning brown/red with green in summer. Fall foliage is a bright orange/red. Moderate grower.

B&B

Acer palm. diss. “Orangeola”

Acer Palmatum Dissectum “Red Dragon”
Red Dragon Laceleaf Japanese Maple

Size: 6'H x 6'W in 10 yrs

Zone 5

A weeping, mounded shrub. The deep purple/red leaves are deeply dissected. Fall foliage is a bright red.

Container

Acer Palmatum Dissectum “Tamukeyama”
Tamukeyama Laceleaf Japanese Maple

Size: 6-10'H x 10'W

Zone 5

A weeping mound with deeply cut purple red foliage that becomes bright red in fall.

Container

Acer palm. diss. “Tamukeyama”

Acer Palmatum Dissectum “Viridis”
Viridis Laceleaf Japanese Maple

Size: 8-10'H x 8'W

Zone 5

Shrub forms a weeping mound. The deeply cut foliage is green becoming orange in fall.

Container

Acer Platanoides “Crimson King”
Crimson King Norway Maple

Size: 35-45'H x 25-30'W

Zone 4

An oval shaped tree when young, becoming rounded with age. Foliage is a deep purple turning reddish/bronze in fall.

B&B, Container

Acer “Crimson King”

Acer Platanoides “Crimson Sentry”
Crimson Sentry Norway Maple

Size: 25'H x 15'W

Zone 4

A compact, dense pyramidal, oval shaped tree. The deep purple foliage turns maroon to reddish bronze in fall. **B&B**

Acer Platanoides “Drummondii”
Drummondii Norway Maple

Size: 30-40'H x 30-40'W

Zone 4

An oval shaped tree. The variegated foliage is light green with a wonderful cream margin. In fall the leaves turn yellow. **B&B**

Acer Rubrum “Armstrong”
Armstrong Red Maple

Size: 40-45'H x 15'W

Zone 4

This narrow shaped tree has light green foliage that becomes yellow to orange in fall. **B&B, Container**

Acer Rubrum “Brandywine”
Brandywine Red Maple

Size: 40'H x 30'W

Zone 4

A rounded oval shaped tree with green foliage that turns a deep red in the fall later than most red maples. **B&B, Container**

Acer Rubrum “October Glory”
October Glory Red Maple

Size: 40'H x 35'W

Zone 4

A rounded oval shaped tree with dense crown. Medium green foliage turns a deep red to reddish purple in the fall. Moderate to fast growing. **Container**

Acer Rubrum “Red Sunset®”
Red Sunset® Red Maple

Size: 45'H x 35'W

Zone 4

A large pyramidal shaped tree. Foliage is a dark glossy green that turns a brilliant orange/red to red in fall. **B&B, Container**

Acer X Freemanii “Autumn Blaze”®
Autumn Blaze® Jeffersred Maple

Size: 50-60'

Zone 4-7

A hybrid that is a cross between a Red Maple & Silver Maple. The dense oval shape has deeply lobed green foliage that turns a brilliant orange/red in fall. **B&B, Container**

Acer rubrum “Red Sunset”

Araucaria Araucana

Monkey Tree

Size: 60-80'H x 20'W

Zone 6

Pyramidal when young, can become rounded with age. The tree has spidery branches with sharp glossy dark green scale like overlapping leaves.

B&B

Berberis thunbergii “Helmond Pillar”

Helmond Pillar Barberry

Size: 4'H x 2'W

Zone 4

An upright columnar, deciduous shrub with reddish purple foliage.

Container

Betula “Jacquemonti”

Whitebarked Himalayan Birch

Size: 40'H x 30'W

Zone 5

An open branched oval shaped tree with bright white bark. The dark green foliage turns yellow in the fall. Available in single and clump form.

Tree Form - B&B
Clump – Container

Betula “Jacquemonti”

Betula Pendula “Youngi”, Twisted

Young’s Weeping Birch

Size: 15'H x 20'W

Zone 2

A white birch with a twisted trunk. The slender, weeping branches create a graceful mound. Foliage is green becoming yellow in fall.

B&B

Betula Nigra “Select” Clump

Select River Birch, Clump

Size: 40'H x 25-40'W

Zone 3

A broad pyramidal shaped tree with exfoliating bark. The dark green summer foliage turns yellow in the fall. **B&B, Container**

Betula “Youngi”

Buxus X “Green Mountain”

Green Mountain Boxwood

Size: 5'H x 3'W

Zone 5

An evergreen shrub with an upright, cone shaped habit that makes an excellent hedge when clipped. The foliage is bright green.

B&B, Container

Buxus X “Green Velvet”

Green Velvet Boxwood

Size: 3-4'H x 3-4'W

Zone 5

A rounded, mound shaped boxwood with dense green foliage that makes a nice low hedge when trimmed. **B&B, Container**

Buxus “Green Velvet”

Buxus Microphylla “Green Beauty”

Green Beauty Boxwood

Size: 4-6'H x 4-65'W

Zone 4

An rounded shrub with dark green foliage that makes an excellent small hedge. Plant keeps its dark green foliage even in summer before turning bronze tinged in cold weather.

Container

Buxus Microphylla “Winter Gem”

Winter Gem Boxwood

Size: 4-5'H x 4-5'W

Zone 4

An upright, spreading shrub with bright green foliage that makes an excellent small hedge.

B&B, Container

Buxus Sempervirens Suffruticosa

True Dwarf Boxwood

Size: 3'H x 3'W

Zone 5

A small, dense compact shrub with bright green foliage. This slow growing shrub makes an excellent shrub or border in the garden.

Field Pot

Buxus Sempervirens

Tree Boxwood

Size: 5-15'H x 5-15'W

Zone 5

A rounded, upright shrub with lite green foliage. Slow growing. Can reach 15' in the right conditions. Deer resistant.

B&B

Buxus Sempervirens “Aureo-Variegata”

Variegated Boxwood

Size: 6-8'H x 6-8'W

Zone 5

An upright, oval shaped shrub. The foliage has a green center with white margins.

B&B

Buxus Sempervirens “Dee Runk”

Dee Runk Boxwood

Size: 8'H x 2'W

Zone 5

A columnar shaped shrub with deep glossy green foliage.

B&B

Buxus Sempervirens “Graham Blandy”

Graham Blandy Boxwood

Size: 8-10'H x 2'W

Zone 5-9

A narrow shaped boxwood with an upright, columnar habit and dark green foliage.

B&B

Buxus “Graham Blandy”

Calycanthus Floridus “Athens”

Athens Sweetbush

Size: 5'H x 5'W in 10 yrs

Zone 5

An upright to spreading shrub with dark green leaves that turn yellow in fall. Flowers in midsummer are a yellow green with a sweet strawberry/banana/pineapple fragrance.

B&B

Calycanthus Raulstonii “Hartlage Wine”

Hartlage Wine Sweetbush

Size: 8-10'H x 6-8'W

Zone 5

A dense rounded deciduous shrub with glossy green leaves that turn yellow in fall. Flowers in early summer are a wine-red with a slight fragrance.

B&B

Carpinus Betulus “Fastigiata”

Pyramidal European Hornbeam

Size: 35'H x 25'W

Zone 5

A dense, compact columnar tree that becomes oval with age. The dark green foliage becomes yellow/orange in fall. Makes a great street tree.

B&B, Container

Carpinus “Fastigiata”

Carpinus Betulus “Lucas”

Lucas Pyramidal European Hornbeam

Size: 20-30'H x 10-12'W

Zone 4-7

A narrow, columnar shaped tree with a dense habit. The dark green foliage turns yellow/orange in fall.

Container

Cedrus Atlantica “Glauca”

Blue Atlas Cedar

Size: 40-60'H x 30-40'W

Zone 6

A pyramidal shaped evergreen with blue foliage on stiff, upright branches.

B&B

Cedrus Atlantica “Glauca Pendula”

Weeping Blue Atlas Cedar

Spread: 15-20'

Zone 6

The serpentine trunk sports weeping branchlets with blue needles. This attractive conifer can be trained into interesting shapes for a dramatic addition to the landscape.

B&B

Cedrus atl. “Horstmann”

Cedrus Atlantica “Horstmann”

Horstmann Blue Atlas Cedar

Size: 8-10'H x 5-6'W in 10 yrs

Zone 6

A slow growing, semi-dwarf evergreen with a pyramidal shape and blue/green needles.

B&B

Cedrus Deodora

Golden Deodar Cedar

Size: 25-35'H x 15'W

Zone 7

A pyramidal shaped conifer with golden yellow needles and arching branches. Slow to moderate growing.

B&B

Cedrus Deodora, Aurea

Golden Deodar Cedar

Size: 25-35'H x 15'W

Zone 7

A pyramidal shaped conifer with golden yellow needles and arching branches. Slow to moderate growing.

B&B

Cedrus deodora “Aurea”

Cedrus Deodora “Karl Fuchs”

Karl Fuchs Himalayan Cedar

Size: 12-15'H x 4'W in 10 yrs Zone 6

A pyramidal shaped conifer with golden yellow needles and arching branches. Slow to moderate growing. **B&B**

Cedrus Libani “Glaucia Pendula”

Weeping Blue Cedar of Lebanon

Size: 14'H x 2'W in 10 yrs Zone 6

A powdery blue-green evergreen with a fast growing main leader and weeping, irregular growing branches. **B&B**

Cercidiphyllum Japonicum

Katsura Tree

Size: 40-50'H x 25-35'W Zone 4

Upright and pyramidal when young, becoming rounded with age. New foliage is reddish-purple in spring and heart shaped leaves turn blue-green in summer before becoming yellow or apricot colored in fall. **B&B**

Cercidiphyllum Japonicum “Pendula”

Weeping Katsura Tree

Size: 15-25'H x 10-15'W Zone 4

An attractive mound of weeping branches. Foliage is a blue/green that becomes yellow/orange in fall. **B&B**

Cercidiphyllum Japonicum “Rotfuchs”

Red Fox Katsura Tree

Size: 20-25'H x 16'W Zone 4

A narrow, upright tree with dark purple foliage. **B&B**

Cercis Canadensis

Eastern Redbud

Size: 20-30'H x 25-35'W Zone 5

A multi-stem or low branching tree with ascending then spreading branches. The heart shaped leaves are green becoming yellow in fall. Reddish/purple flowers appear in spring becoming rosy/pink when open. Moderate to slow growing. **B&B, Container**

Cercis Canadensis “Alba”

White Redbud

Size: 20-30'H x 25-35'W Zone 5

An oval shaped tree with light green heart shaped foliage. White flowers appear in spring. **B&B, Container**

Cercis Canadensis “Appalachian Red”

Appalachian Red Redbud

Size: 20'H x 15'W Zone 5

A rounded tree with dark green, glossy, heart shaped leaves. Bright pink/fuschia colored flowers appear in early spring. Fall foliage is yellow. **B&B, Container**

Cercis Canadensis “Burgundy Hearts”

Burgundy Hearts Redbud PP19654

Size: 20-25'H x 25-35'W

Zone 5

An ornamental tree with reddish purple heart shaped foliage that holds its color in summer. Pink-lavendar flowers appear in spring.

Container

Cercis Canadensis “Covey” Pp #10,328

Lavender Twist® Weeping Redbud

Size: 5-7'H x 6-8'W

Zone 5-6

A mound of beautiful weeping branches covered with dark green heart shaped leaves. Rosy/pink flowers appear in early spring.

B&B, Container

Cercis Canadensis “Forest Pansy”

Forest Pansy Redbud

Size: 15-25'H x 25'W

Zone 5

A round shaped tree with purple foliage and rosy/pink flowers in early spring.

B&B, Container

Cercis Can. “Hearts Of Gold” PP 17740

Hearts Of Gold Redbud

Size: 20-25'H x 18'W

Zone 5

A pyramidal shaped tree with gold heart shaped leaves. Lavender/purple blooms appear in spring.

B&B, Container

Cercis X “Merlot” PP 22,297

Merlot Redbud

Size: 12-15'H x 12-15'W

Zone 6

A dense, semi-upright habit with glossy, dark purple foliage. Bright pink flowers in spring.

Container

Cercis Can. “Pink Heartbreaker” PP 23043

Pink Heartbreaker Weeping Redbud

Size: 10-15'H x 8-10'W

Zone 4

A narrow, upright weeping habit. Heart shaped leaves appear red before turning green. Lavender/pink flowers appear in spring.

Container

Cercis Can. “Ruby Falls” PP22097

Ruby Falls Redbud

Size: 8-10'H x 5-6'W

Zone 6

A dwarf, weeping habit with maroon heart shaped leaves.

Dark rose flowers appear in spring.

B&B, Container

Cercis “Hearts of Gold”

Cercis “Merlot”

Cercis “Pink Heartbreaker”

Cercis “Ruby Falls”

Cercis Canadensis “Tennessee Pink”

Tennessee Pink Redbud

Size: 15-20'H x 10-15'W

Zone 5

A compact tree with a dense, dome-shaped canopy. Pink flowers appear in spring followed by heart shaped dark green foliage. Foliage turns shades of yellow in fall. **Container**

Cercis Reniformis “Oklahoma”

Oklahoma Redbud

Size: 15'H x 15'W

Zone 6

A round shaped tree with an open habit. Wine red flowers appear in spring followed by heart shaped dark green foliage. Foliage turns shades of yellow in fall.

B&B, Container

Chamaecyparis Noot. “Pendula”

Weeping Alaska Cedar

Size: 30-45'H x 10-15'W

Zone 5

A narrow, upright tree with weeping branches and green foliage.

B&B

Chamaecyparis Obtusa “Compacta”

Compact Hinoki Cypress

Size: 15'H x 10'W

Zone 5

A semi-dwarf evergreen with rich, dark green foliage.

B&B

Chamaecyparis Obtusa “Nana Gracilis”

Dwarf Gracilis Hinoki Cypress

Size: 5'H x 2'W

Zone 5

A slow growing, dense evergreen with rich green foliage and an irregular, rounded shape.

B&B

Chionanthus Virginicus

White Fringe Tree – Tree & Bush Form

Size: 12-20'H x 12-20'W

Zone 3-9

A small tree with upright branches forming a rounded shape. Medium green foliage with clusters of fringe like blooms in spring.

B&B – Tree Form

BB, Container – Bush Form

Clethra Barbinervis

Japanese Clethra

Size: 10-20'H x 10'W

Zone 5

A large upright shrub or small tree with exfoliating bark. Glossy dark green foliage becomes bright yellow in fall. Fragrant, white flowers appear in mid-late summer.

B&B

Cham. “Compacta”

Cham. “Nana Gracilis”

Chionanthus virginicus

Cornus Alternifolia

Pagoda Dogwood

Size: 15-25'H x 20-30'W

Zone 4

A multi-stemmed tree with horizontal branching and green foliage. Small white, fragrant flowers appear in early summer and blue/black fruit in the fall. Foliage turns a brilliant red to purple in the fall.

B&B

Cornus Florida "Rubra"

Pink Dogwood

Size: 20'H x 20'W

Zone 5

A small upright, rounded tree with green foliage and pink flowers in spring. Foliage turns red in fall.

B&B, Container

Cornus Florida "Appalachian Mist" PP13098

Kay's Appalachian Mist Dogwood

Size: 25'H x 25'W

Zone 5

A small rounded tree with green foliage and creamy white flowers in spring. Foliage turns bright red in fall. Resistant to powdery mildew.

B&B

Cornus Florida "Appalachian Snow" PP13099

Jean's Appalachian Snow Dogwood

Size: 30'H x 25'W

Zone 5

An upright tree with a spreading habit and green foliage and white flowers in spring. Foliage turns red in fall. Resistant to powdery mildew.

B&B

Cornus Florida "Cherokee Brave"TM

Cherokee Brave Dogwood

Size: 25'H x 22'W

Zone 5

Deep red flowers with a white throat appear on this upright spreading, rounded tree in spring. Foliage is a dark green that becomes burgundy red in fall with red berries in the fall.

B&B, Container

Cornus Florida "Cherokee Daybreak"TM

Cherokee Daybreak Dogwood

Size: 20'H x 20'W

Zone 5

White flowers appear in early spring on this small, upright rounded tree. The variegated leaf is green and white becoming red to pink in fall with red berries appearing in fall.

B&B

Cornus Florida "Cherokee Princess"

Cherokee Princess Dogwood

Size: 24'H x 20'W

Zone 6

Clusters of white flowers appear in spring on this upright, oval shaped tree. The green foliage turns red in fall with red berries appearing in late summer or fall.

B&B

Cornus Florida “Cherokee Sunset”™

Cherokee Sunset Dogwood

Size: 25'H x 20'W

Zone 5

Large red flowers appear in spring on this small rounded tree. The variegated foliage is yellow and green turning red in fall with red berries.

B&B

Cornus X “Eddie’s White Wonder”

Eddie’s White Wonder Dogwood

Size: 25'H x 20'W

Zone 6

A hybrid cross between nuttali & florida, this small upright tree has large white flowers in early spring. The dark green foliage becomes a fiery red in fall with small red berries appearing.

B&B

Cornus Kousa Chinensis

Chinese Dogwood (Tree Form)

Size: 20'H x 20'W

Zone 5

Large white flowers appear in early summer on this small tree. The widely vase shaped tree has layered branches. The medium green foliage turns reddish in the fall with hanging red fruit.

B&B

Cornus “Celestial Shadow”

Cornus X “Celestial Shadow”

Celestial Shadow Dogwood

Size: 18-20'H x 15'W

Zone 6

An upright, rounded tree with white flowers in late spring/early summer and green and yellow variegated leaves.

B&B, Container

Cornus Kousa “Milky Way”

Milky Way Chinese Dogwood

Size: 15-20'H x 15-20'W

Zone 5

A rounded to wide vase shaped tree with a strong horizontal habit. Creamy white flowers appear in spring. Dark green foliage turns reddish in fall with small red fruit appearing.

Container

Cornus Kousa “Samzam - Samaritan”®

Samaritan® Variegated Chinese Dogwood

Size: 20-25'H x 20'W

Zone 4

A rounded tree with green and creamy white variegated foliage that turns pink and burgundy in fall with small red fruit appearing. Bright white flowers appear in late spring.

B&B, Container

Cornus “Satomi”

Cornus Kousa “Satomi”

Satomi Dogwood

Size: 15-20'H x 20'W

Zone 4

Deep pink flowers appear in late spring/early summer on this round shaped tree. Foliage is green with red/scarlet tints in fall and small hanging red fruit.

B&B, Container

Cornus Kousa X Nuttali “Starlight”®

Starlight® Dogwood PP16293

Size: 30'H x 20'W

Zone 6

An upright, oval shaped tree with creamy white flowers in spring. Dark green foliage turns red in fall. **B&B**

Cornus Kousa “Summer Fun”

Summer Fun Dogwood

Size: 15-18'H x 15'W

Zone 5

A small upright tree with a green and creamy-white variegated leaf. Leaves have a pink & white edge when they first appear. White flowers appear in late spring. Leaves become red-orange and pink in fall. **B&B, Container**

Cornus Kousa “Summer Gold”

Summer Gold Dogwood PP22,765

Size: 15'H x 15'W

Zone 5

A rounded, upright tree with a green and yellow variegated leaf. Creamy white flowers appear in early spring. Leaves become red in fall. **B&B**

Cornus X “Venus”®

Venus® Dogwood PP16309

Size: 25'H x 20'W

Zone 5

An upright, oval tree with large creamy white flowers in early summer. Dark green foliage becomes red to purple/red in fall with strawberry like fruit. **B&B**

Cornus Kousa “Wolf Eyes”

Wolf Eye Dogwood

Size: 15'

Zone 4

A small rounded tree with variegated green and white leaves. Star shaped white flowers appear in late spring. Foliage turns a pink/red hue in fall. **B&B**

Golden Glory Cornelian Cherry Dogwood

Size: 22'H x 18'W

Zone 4

A low branching rounded shrub with dark green foliage. Small yellow flowers become visible in spring. Glossy green foliage turns red in fall. **B&B**

Cornus Mas”Variegata”

Variegated Cornelian Cherry Dogwood

Size: 20'H x 15'W

Zone 4

A rounded shrub or small tree. The variegated foliage is green with creamy edges. Small yellow flowers emerge in spring and small bright red fruit appears in mid-summer. **B&B, Container**

Cornus mas “Variegata”

Cornus X Rutban “Aurora”®

Aurora® Dogwood

Size: 24'H x 20'W

Zone 6

A kousa florida hybrid with a rounded shape. The green foliage becomes reddish in fall. Dense white flowers emerge in spring.

B&B

Cornus X Rutdan “Celestial”®

Celestial® Dogwood

Height: 20'H x 20'W

Zone 6

A kousa florida hybrid that is a small upright tree. The green foliage becomes reddish in fall. Broad white flowers emerge in spring.

B&B

Cornus X Rutgan “Stellar Pink”®

Stellar Pink® Dogwood

Size: 20-23'H x 20'W

Zone 6

A kousa florida hybrid with a rounded shape. The green foliage becomes reddish in fall. Blush pink flowers emerge in spring.

B&B

Cotinus Coggygria “Royal Purple”

Royal Purple Smoke Tree

Height: 15'

Zone 5

A vase shaped plant grown as a shrub or tree form. Dark purple foliage serves as a backdrop for pinkish/purple puffs of smoke. Foliage turns scarlet in fall. Deer resistant plant. Available in tree form & bush form.

B&B

Euonymus Alata “Compacta”

Dwarf Burning Bush

Size: 6-8'H x 8-10'W

Zone 4

A small dense, rounded shrub. Foliage is a dark green turning a sensational scarlet red in fall.

B&B

Fagus Sylvatica

European Beech

Size: 50-75'H x 40-60'W

Zone 4

A pyramidal to oval shaped tree with dense dark green foliage. Foliage turns a reddish coppery bronze in the fall. **Container**

Fagus Sylvatica “Atropurpurea”

Copper Beech

Size: 80'H x 50'W

Zone 5

A dense, oval shaped tree with purple to bronze foliage. Foliage turns yellow, orange, brown in the fall.

B&B

Fagus Sylvatica “Dawycki Purple”

Dawyck Purple Beech

Size: 35'H x 10'W

Zone 5

A columnar shaped tree with purple foliage.

B&B

Fagus Sylvatica “Purple Fountain”

Slender Weeping Beech

Size: 25-40'H x 10-15'W

Zone 4-7

A narrow, upright tree with cascading branches and purple foliage.

B&B

Fagus Sylvatica “Red Obelisk”

Red Obelisk Beech

Size: 25-40'H x 3'W

Zone 4-5

A slow growing columnar tree with crinkled, deep purple foliage.

B&B

Fagus Sylvatica “Riversi”

Rivers Purple Beech

Size: 40-50'H x 20-30'W

Zone 5

A broad oval tree with deep purple to purple/bronze foliage.

B&B

Fagus Sylvatica “Tricolor”

Tricolor Beech

Size: 25-35'H x 18-25'W

Zone 4

A broad, oval shaped tree. Foliage is purple with an irregular pinkish-white rose border.

B&B

Ginkgo Biloba “Autumn Gold”

Autumn Gold Maidenhair Tree

Size: 40-50'H x 40-50'W

Zone 3

This broadly pyramidal tree is a male strain. Fan shaped green foliage turns golden yellow in fall.

B&B, Container

Ginkgo Biloba “Princeton Sentry”

Princeton Sentry Maidenhair Tree

Size: 40-50'H x 20-25'W

Zone 3

A slow growing, upright male ginkgo tree with a narrow crown. Fan shaped green foliage turns golden yellow in fall.

Container

Ginkgo Biloba “Saratoga

Saratoga Maidenhair Tree

Size: 30-50'W x 30'W

Zone 3

A slow growing upright, rounded tree that is a male variety. Fan shaped emerald green foliage turns golden yellow in fall. Deer resistant.

Container

Gleditsia Triacanthos “Select”

Green Locust

Size: 50-60'H x 30-35'W

Zone 4-7

A broad pyramidal shaped tree with dark green foliage becoming yellow in fall.

B&B

Hamamelis Mollis “Pallida”

Pallida Chinese Witch Hazel

Size: 10-15'H x 10-15'W

Zone 6

An upright, rounded shrub with fragrant yellow flowers that appear on bare branches in winter. Foliage is green. **B&B**

Hamamelis X Int. “Arnolds Promise”

Arnold Promise Witch Hazel

Size: 20'H x 20'W

Zone 6

A vase shaped small to medium shrub with deep fragrant yellow flowers that appear on bare branches in winter. **B&B**

Hamamelis X Intermedia “Diane”

Diane Witch Hazel

Size: 8-12'H x 8-12'W

Zone 6

A rounded shrub with crimson red flowers that appear on bare branches in winter. Foliage is green before turning a rich orange/red in fall. **B&B**

Hamamelis X Intermedia “Jelena”

Jelena Witch Hazel

Size: 15-20'H x 10-15'W

Zone 6

An upright, rounded shrub with rich coppery flowers that appear on bare branches in winter. Foliage is green. **B&B**

Hamamelis “Jelena”

Heptacodium Miconioides

Seven-Son Flower

Size: 20'H x 10-15'W

Zone 5

A fast growing, upright, multi-stemmed deciduous shrub with unusual peeling bark and dark green foliage. Clusters of small, fragrant white flowers appear in late summer and afterwards the surrounding calyx turns a bright red. **Container**

Hibiscus Syriacus (Tree Form)

Rose Of Sharon

Size: 10'H x 6'W

Zone 6

A small medium sized plant grown in tree form. It is an upright, dense slender plant with bright green foliage. Flowers bloom continuously from July to Sept.

- “Aphrodite”** (single, pink, red eye) **Container, B&B**
“Blue Bird” (single, lilac-blue, maroon eye) **B&B**
“Collie Mullens” (double, deep rose-pink) **B&B**
“Minerva” (single, lavender, purple eye) **Container, B&B**

Hibiscus “Aphrodite”

Hibiscus “Minerva”

Hydrangea Paniculata “Dolly” – Std.

Dolly Hydrangea on Std.

Size: 5-6'H x 5-6'W

Zone 4

A round shaped plant in a tree form with green foliage. Large panicles of creamy-white flowers appear in summer. **Container**

Hibiscus “Collie Mullens”

Hydrangea Paniculata “Grandiflora” – Std.

Pee Gee Hydrangea on Std.

Size: 8-10'H x 4-6'W

Zone 4

A broad, oval shaped plant in a tree form. Foliage is blue/green. Large panicles of white flowers appear in summer.

Container

Hydrangea “Grandiflora” Std.

Hydrangea Quercifolia “Ruby Slippers”

Ruby Slippers Oakleaf Hydrangea

Size: 3-4'H x 5'W

Zone 5

A small deciduous shrub. Foliage is green. Large white flowers appear in summer and quickly turn a deep pink.

B&B, Container

Hydrangea Quercifolia “Snow Queen”

Snow Queen Oakleaf Hydrangea

Size: 4-6'H x 5-6'W

Zone 5-9

A vase shaped shrub with dark green foliage becoming burgundy in the fall. Clusters of white flowers emerge in mid-summer becoming rose/pink in fall. **B&B, Container**

Ilex Crenata “Sky Pencil”

Sky Pencil Japanese Holly

Size: 6-8'H x 2-3'W

Zone 6

A narrow, columnar shrub with dark green foliage.

B&B

Juniperus Chinensis “Spartan”

Spartan Juniper

Size: 12-15'H x 3-5'W

Zone 4

A rapid growing dense, pyramid shaped evergreen with dark green foliage.

B&B

Juniperus Scopulorum “Moonglow”

Moonglow Juniper

Size: 20'H x 8'W

Zone 3

A broad pyramidal evergreen with dense silver/blue foliage.

B&B

Juniperus Scopulorum “Wichita Blue”

Wichita Blue Juniper

Size: 10-15'H x 4-6'W

Zone 3

A pyramidal, branched upright habit with dense blue foliage.

B&B

Juniperus Virginiana “Skyrocket”

Skyrocket Juniper

Size: 15-20'H x 2-3'W

Zone 3

A narrow, columnar fast growing juniper with silvery blue foliage.

B&B

Juniperus Chinensis “Daub’s Frosted” – Std.

Daub’s Frosted Juniper on Std.

Size: 2'H on std. x 5'W

Zone 4

A spreading, horizontal mound with frosted gold foliage.

B&B

Juniperus Horizontalis “Blue Chip”

Blue Chip Juniper

Size: 2'H on std. x 6-8'W

Zone 3

A spreading mound with silver blue foliage.

B&B

Juniperus Horiz. “Prince Of Wales”

Prince of Wales Juniper

Size: 2'H on std. x 10'W

Zone 3

A dense, plush starburst pattern with bright green foliage.

B&B

Juniperus Squamata “Blue Star”

Blue Star Juniper

Size: 2'H on std. x 3-4'W

Zone 4

An irregular mound with dense branches and steel blue foliage.

B&B

Larix Decidua “Pendula”

Weeping European Larch

Size: 8-12'H x 10-12'W

Zone 2

An irregular, horizontal crown with a twisted trunk. Foliage is bright green becoming bright yellow in fall.

B&B

Liquidambar Styraciflua

Sweetgum

Size: 60-75'H x 40-50'W

Zone 5

A pyramidal shaped tree with corky bark that is narrow when young, becoming broad with age. Foliage is deep green becoming red, yellow, purple in the fall.

B&B

Liquidambar Sty. “Aurea”

Variegated Sweetgum

Size: 70'H x 50'W

Zone 5

A tall upright tree with yellow and green splattered foliage. The foliage turns shades of red, yellow, orange and purple in the fall.

B&B

Liquidambar Sty. “Silver King”

Silver King Sweetgum

Size: 40-50'H x 26'W

Zone 5

An oval, upright tree The foliage is a variegated green with white margins. The foliage turns shades of red, plum and purple in the fall.

B&B

Juniper “Blue Chip”

Juniper “Blue Star”

Liquidambar Sty. "Slender Silhouette"

Slender Silhouette Sweetgum

Size: 60'H x 8'W

Zone 5

A narrow, upright tree with dark green foliage that turns red, yellow & purple in the fall.

B&B

Magnolia Soulangiana

Saucer Magnolia

Size: 20-25'H x 20-25'W

Zone 5

An irregular shaped, multi-trunk tree with a spreading habit. Foliage is dark green turning yellow in fall. Pink & white saucer shaped flowers appear in spring on bare branches.

B&B

Magnolia Hybrid "Galaxy"

Galaxy Magnolia

Size: 30-35'H x 15-20'W

Zone 5

A narrow cone-like tree with bright green foliage. Large reddish/purple flowers appear in late spring.

B&B

Magnolia Hybrid "The Girls"

The Girls Magnolia

Size: 10-15'H x 5-10'

Zone 4

A small, upright spreading tree with medium green foliage.

Reddish/purple flowers appear in spring.

Container

Magnolia Hybrid "Jane"

Jane Magnolia

Size: 10-15'H x 5-10'

Zone 4

A small, upright spreading tree with medium green foliage.

Lightly fragrant reddish purple flowers with pale pink centers appear in spring.

B&B

Magnolia X "Vulcan"

Vulcan Magnolia

Size: 15'H x 10'W

Zone 6-9

Tree has an open branched, upright shape when young, becoming rounded with age. The foliage is green and showy dark purple goblet shaped flowers appear in spring.

Container

Magnolia Stellata "Royal Star"

Royal Star Magnolia

Size: 15'

Zone 5

A round, upright spreading shrub with green foliage becoming yellow to bronze in fall. Fragrant, large, double white flowers appear in spring.

B&B

Magnolia Acuminata "Butterflies"

Butterflies Magnolia (Tree Form)

Size: 20-30'H x 20'W

Zone 4-7

A pyramid shaped tree with green foliage. Rich, yellow flowers appear in early spring.

B&B, Container

Magnolia "Royal Star"

Magnolia Acuminata “Elizabeth”

Elizabeth Magnolia (Tree Form)

Size: 25-40'H x 12-20'W

Zone 4-7

An upright, pyramid shaped tree with dark green foliage.
Fragrant, yellow flowers appear in spring on bare branches.

Container

Magnolia Virginiana

Sweet Bay Magnolia

Size: 12-20'H x 12-20'W

Zone 5

An upright, rounded semi-evergreen shrub with bright glossy green foliage. Lemon-scented, creamy white flowers emerge in summer.

B&B

Malus Domestica “Fuji”

Fuji Semi Dwarf Apple

Size: 12-24'H x 12-24'W

Zone 4-5

Single variety semi dwarf apple trees budded on M.7 EMLA understock. Fruit ripens in mid-October with a mild sweet flavor.

Container

Malus Domestica “Gala”

Gala Semi Dwarf Apple

Size: 15-20'H x 15-20'W

Zone 5

Single variety semi dwarf apple trees budded on M.7 EMLA understock. Fruit ripens in mid-September and is a crisp apple with a tangy-sweet flavor.

Container

Malus Domestica “Honeycrisp”

Honeycrisp Semi Dwarf Apple

Size: 14-18'H x 14-18'W

Zone 4

Single variety semi dwarf apple trees budded on M.7 EMLA understock. Fruit ripens in mid-September to mid-October and has a crisp, juicy texture with a sweet-tart flavor.

Container

Parrotia Persica “Vanessa”

Vanessa Upright Ironwood Tree

Size: 28'H x 10-14'W

Zone 5

A narrow, columnar tree with medium-dark green foliage that becomes yellow, orange, red in fall.

B&B

Picea Abies “Pendula

Weeping Norway Spruce

Size: 3'+H x 10'W

Zone 2

An evergreen with weeping spreading branches and green needles. Height is 3' tall and taller if staked.

B&B

Picea Glauca “Pendula”
Weeping White Spruce

Size: 20-30'H x 6-10'W

Zone 2

A tall evergreen with weeping branches and green needles.

B&B

Picea Omorika “Pendula Bruns”
Bruns Weeping Serbian Spruce

Size: 6-8'H x 2'W in 10 yrs

Zone 4

A columnar evergreen with twisted, weeping branches and green and silver needles.

B&B

Picea Pungens “Bakeri”
Bakeri Colorado Spruce

Size: 20-30'H x 10-20'W

Zone 2

A slow growing, pyramidal shaped evergreen with silvery blue needles and horizontal branching.

B&B

Picea Pungens “Glauca Globosa” – Std.
Dwarf Globe Blue Spruce

Size: 3'H x 3-5'W

Zone 2

A rounded, compact densely branched plant with silvery blue needles.

B&B

Picea pungens “Glauca Globosa”

Picea Pungens “The Blues”
The Blues Colorado Spruce

Size: 6'H x 2'W in 10 yrs

Zone 3

A staked evergreen with graceful weeping branches and bright, silver-blue needles.

B&B

Picea pungens “The Blues”

Pieris japonica “Flaming Silver”
Variegated Lily of the Valley

Size: 5'H x 4-5'W

Zone 5

A rounded, evergreen shrub with fragrant white flowers. Variegated leaves appear in the spring as a bright red and fade to pink with silver edges. In summer the leaves are a dark green with white margins.

Container

Pieris x. “Forest Flame”
Red Leaf Lily of the Valley

Size: 6-10'H x 3-5'W

Zone 5

An evergreen shrub with fragrant white flowers. New growth is a bright red before turning pink, creamy white and then a dark green.

Container

Pieris japonica Passion Party® “Passion Frost”

PP19,331

Passion Frost Andromeda

Size: 4-5'H x 2-3'W

Zone 5

An evergreen shrub with an upright dense habit. Rosy red flowers appear in the spring. Foliage is variegated and is a light green with creamy white margins.

Container

Pinus dens. “Umbraculifera Compacta”

Compact Tanyosho Pine

Size: 12'H x 18'W

Zone 4

A slow growing small tree with bright green needles and a flat topped umbrella like appearance.

B&B

Pinus Nigra “Oregon Green”

Oregon Green Austrian Pine

Size: 10-12'H x 8-10'W in 10 years

Zone 4

Slow growing evergreen with dark rich green needles and more open form.

B&B

Pinus Thunbergii “Thunderhead”

Thunderhead Japanese Black Pine

Size: 10-12'H x 15'W

Zone 5

A shrubby, compact plant with dense, dark green needles and white candles appearing in spring.

B&B

Prunus Cerasifera “Thundercloud”

Thundercloud Purple Leaf Plum

Size: 20-25'H x 20'W

Zone 5

An upright, spreading, rounded tree with dense dark purple foliage. Light pink flowers appear in spring.

B&B, Container

Prunus Laurocerasus

English Laurel

Size: 12'H x 8'W

Zone 6

A dense evergreen shrub that makes a nice screen or hedge. Foliage is a leathery rich green with tiny white fragrant flowers in spring.

B&B

Prunus Laurocerasus “Nana”

Dwarf English Laurel

Size: 6-8'H x 6-8'W

Zone 6

A compact, evergreen shrub with dark glossy green foliage. Useful for low hedges.

B&B

English laurel

Prunus Laurocerasus "Otto Luyken"

Otto Luyken English Laurel

Size: 3-5'H x 6'W

Zone 6

A compact, evergreen shrub with glossy dark green leaves that can be used as a nice hedge. White flowers appear in spring followed by small summer fruit. **B&B, Container**

Prunus laur. "Otto Luyken"

Prunus Laurocerasus "Schipkaensis"

Schipka Cherry Laurel

Size: 6-10'H x 6-10'W

Zone 5

A dense vase shaped plant that can be used for a hedge. The foliage is green and fragrant white flowers emerge in late spring. **B&B, Container**

Prunus laur. "Schipkaensis"

Prunus Serrulata "Kwanzan"

Kwanzan Flowering Cherry

Size: 30'H x 20'W

Zone 5

An upright, vase shaped tree with dark green foliage that turns a bronze/orange to orange red in the fall. Clusters of double, rosy/pink flowers emerge in spring. Also available in ground budded form. **B&B**

Prunus Subhirtella "Pendula"

Double Weeping Flowering Cherry

Size: 12-15'H x 15-20'W

Zone 4

A small top grafted tree with weeping habit. Foliage is green. Masses of double pink flowers appear in spring.

B&B, Container

Prunus subhirtella "Pendula"

Prunus X "Snofozam - Snow Fountain"®

Snow Fountain Cherry®

Size: 12'H x 15'W

Zone 5

A small tree with weeping habit that is available as a top graft or with a serpentine trunk. Foliage is dark green before turning gold and orange in fall. Masses of pure white flowers cover the tree in spring giving it the appearance of a fountain.

B&B, Container

Prunus X Yedoensis

Yoshino Cherry

Size: 25-30'H x 30'W

Zone 6-8

A rounded tree with a spreading form and glossy green foliage that turns yellow in fall. Fragrant, single light pink flowers emerge in spring. **B&B**

Pyrus Calleryana Chanticleer®

Chanticleer® Pear

Size: 30-35'H x 15'W

Zone 4

An upright, narrowly pyramidal shaped tree with green glossy foliage that turns reddish in fall. Clusters of white flowers cover the tree in spring. **B&B**

Pyrus "Chanticleer"

Ribes Sanguineum “King Edward VII”

King Edward VII Flowering Currant

Size: 3-6'H x 3-6'W

Zone 5-7

An oval shaped, compact growing plant that is available as a shrub or a small tree. Clusters of hot pink flowers adorn the tree in spring. Foliage is green becoming yellow in fall.

B&B, Container (Bush)

BB (Tree)

Salix X. Integra “Hakuro Nishiki”

Dappled Willow

Size: 8'H x 6'W

Zone 4

A fast growing round shaped plant that is available in a bush form or as a small tree. Leaves in the spring emerge as a glossy bright pink before turning variegated with colors of white, pink and green.

Container

Sciadopitys Verticillata “Cynthia Waxman”

Cynthia Waxman Japanese Umbrella Pine

Size: 20-30'H x 15-25'W

Zone 5

Slow growing with an open habit when young. With age it becomes dense with a tight pyramidal habit. Needles are thick textured and deep green.

B&B

Sequoia Giganteum “Pendula”

Weeping Giant Sequoia

Size: 25'H x 3-4'W & wider

Zone 6

A slow growing evergreen with graceful weeping branches.

B&B

Stewartia Rostrata

Upright Stewartia

Size: 15-20'H x 12-15'W

Zone 6

A deciduous tree with glossy dark green leaves. White flowers with a large yellow center appear in late spring/early summer.

B&B

Styrax Japonicus

Japanese Snowbell

Size: 20-30'H x 15-25'W

Zone 5

A round shaped tree with medium green foliage that turns yellowish in fall. Fragrant, bell shaped, pure white flowers appear in early summer.

B&B

Styrax Japonicus “Carillon”

Carillon Japanese Snowbell

Size: 8-12'H x 6-8'W

Zone 5

A small mounding tree with wide spread weeping branches. The green foliage turns yellow in fall. Small bell-shaped white flowers appear in spring.

B&B

Styrax Japonicus “Emerald Pagoda”

Emerald Pagoda Japanese Snowbell

Size: 20-30'H x 15'W

Zone 5

A pyramidal to round shaped deciduous tree with dark green foliage and clusters of white, fragrant flowers that appear in late spring. Foliage turns yellow in fall.

B&B

Styrax Jap. “Jl Weeping” PP23,755

Marley’s Pink Japanese Snowbell

Size: 8-10'H x 5'W

Zone 5-8

A small tree with a weeping habit. The dark, glossy green foliage turns a bright lemon yellow in the fall. Pink flowers that smell like cotton candy appear in spring.

B&B

Syringa Meyeri “Palibin” on Std.

Dwarf Korean Lilac on Std.

Size: 4-8'H x 5-7'W

Zone 4

A small globe shaped plant with deep green foliage. Fragrant pink/lavender flowers emerge in late spring. Plant is available as a shrub or on a standard.

B&B, Container

Syringa meyeri “Palibin” – Std.

Syringa Patula “Miss Kim”

Miss Kim Korean Lilac

Size: 6-8'H x 6-8'W

Zone 3

A rounded plant with dark glossy green foliage that becomes burgundy/red in fall. Fragrant light lavender/blue flowers appear in spring. Plant is available as a shrub or on a standard.

B&B, Container

Syringa Reticulata “Ivory Silk”®

Ivory Silk® Japanese Tree Lilac

Size: 20-25'H x 15'W

Zone 4

An upright spreading tree that becomes rounded with age. Foliage is dark green. Large plumes of creamy white panicles cover the tree in early summer.

B&B

Syringa Vulgaris

French Lilac

Size: 6-10'H x 6-10'W

Zone 3-7

An upright, round shaped shrub with green foliage and fragrant spring blooms.

B&B

“Ludwig Spaeth” (single, purple)

“President Grevy” (double, blue)

“Sensation” (single, purple with white border)

“Yankee Doodle” (single, deep purple)

Syringa “Pres. Grevy”

Thuja Occidentalis “Smaragd”

Emerald Green Arborvitae

Size: 15'H x 3-4'W

Zone 4

A narrow, pyramidal shaped evergreen with dense emerald green foliage. Makes an excellent privacy screen. **B&B**

Thuja Plicata “Excelsa”

Excelsa Western Red Cedar

Size: 25-35'H x 20'W

Zone 5

A fast growing, full bodied, upright conifer with dark green foliage. Makes an excellent privacy screen. **B&B**

Thuja Plicata “Green Giant”

Green Giant Western Arborvitae

Size: 40-50'H x 15-18'W

Zone 5

A fast growing, conical shaped evergreen with green foliage. Makes an excellent privacy screen. **B&B, Container**

Thuja Plicata “Virescens”

Virescens Western Arborvitae

Size: 20-25'H x 6-8'W

Zone 5

A narrow, upright evergreen with emerald green foliage. An excellent privacy screen. **B&B**

Viburnum Carlesii “Compacta”

Koreanspice Viburnum

Size: 3-4'H x 3-4'W

Zone 4

A rounded, upright shrub with irregular branching and green foliage. Fragrant, white/pink flowers appear in spring. **B&B**

Viburnum X “Juddii”

Judd Viburnum

Size: 6-8'H x 6-8'W

Zone 4

A rounded, compact shrub with green foliage. Fragrant, white flowers appear in spring. **B&B**

Viburnum Plicatum “Kerns Pink”

Kerns Pink Doublefile Viburnum

Size: 6-8'H x 6'W

Zone 4

A broad, round shaped shrub with green foliage. Clusters of pink snowball flowers appear in spring. **B&B**

Viburnum Plicatum Tom. “Mariesii

Doublefile Viburnum

Size: 6-8'H x 8-10'W

Zone 5

A broadly, rounded shrub with green foliage that turns a reddish/purple in fall. Large clusters of white flowers appear in late spring. **B&B**

Wisteria Floribunda “Royal Purple”
Royal Purple Japanese Wisteria

Zone 5-9

A fast growing twining vine that has been trained as a tree. Foliage is green and fragrant clusters of violet flowers appear in late spring early summer. Foliage becomes a bright yellow in fall.

B&B

Wisteria Frutescens “Amethyst Falls”
Amethyst Falls American Wisteria

Zone 5-9

A fast growing twining vine that has been trained as a tree. Foliage is green and fragrant clusters of purple flowers appear in late spring.

B&B

Wisteria Sinensis “Alba”
White Chinese Wisteria

Zone 5-9

A fast growing twining vine that has been trained as a tree. Foliage is green and fragrant clusters of white flowers appear in late spring early summer

B&B
